under the

Fire and Emergency Services Levy Act 2017

I, the Treasurer, in pursuance of section 139 of the *Fire and Emergency Services Levy Act 2017*, make the following Order.

Dated, this 13th day of April 2017.

DOMINIC PERROTTET, MP
Treasurer

Fire and Emergency Services Levy (Approved Notice) Order 2017 [NSW]

Fire and Emergency Services Levy (Approved Notice) Order 2017

under the

Fire and Emergency Services Levy Act 2017

1 Name of Order

This Order is the *Fire and Emergency Services Levy (Approved Notice) Order 2017*.

2 Commencement

This Order commences on the day on which it is published in the Gazette.

3 Definitions

(1) In this Order:

approved notice means the form of notice approved by the Treasurer under section 139 of the Act on or before the date this Order is made.

the Act means the *Fire and Emergency Services Levy Act 2017*.

Note. The Act and the *Interpretation Act 1987* contain definitions and other provisions that affect the interpretation and application of this Order.

(2) Notes included in this Order do not form part of this Order.

4 Councils required to give approved notice to liable persons

(1) A council is required to give an approved notice to each liable person for any land in the council's area that is leviable land.

(2) The approved notice must be given by 30 April 2017.

(3) If the notice is given by post, a requirement to give the notice by 30 April 2017 is satisfied if the notice is posted by that date.

(4) The notice must, if practicable, be included in the reminder notice for the fourth quarterly instalment of any rates and charges payable by the liable person for the 2016/2017 financial year on the land concerned.

(5) To avoid doubt, the requirement imposed by this Order extends to the Lord Howe Island Board.

Note. The Act provides that the Lord Howe Island Board is taken to be a council for Lord Howe Island.

Appointments

MARINE NOTICE

Section 12(2)

REGULATION OF VESSELS – EXCLUSION ZONE

Location

Wagonga Inlet – near the township of Narooma and waters within a 125 metre radius from a barge positioned approximately 300 metres west of the landmark of Quota Park on Riverside Drive and midway between Shell Point and Lavender Point.

Duration

6pm to 10pm Friday 5 May 2017.

Detail

A fireworks display celebrating the Narooma Oyster festival will be conducted on the Wagonga Inlet, as specified above, involving the use of a stationary barge as a platform for the display during the above times.

An **EXCLUSION ZONE** is specified during the event and will be created at the location specified above which will be marked by buoys and the presence of control vessels.

Vessel operators must keep a proper lookout and should exercise extreme caution near the exclusion zone.

Unauthorised vessels and persons are strictly prohibited from entering the exclusion zone, which will be patrolled by Roads and Maritime vessels.

Penalties may apply (section 12(5) – *Marine Safety Act 1998*)

MARINE NOTICE

Section 12(2)

REGULATION OF VESSELS – EXCLUSION ZONE

Location

Lake Mulwala – near the locality of the Mulwala Water Ski Club, and within a buoyed area bounded by:

- A position adjacent to the Mulwala Water Ski Club (where the start and finish lines for the event will be), then
- South to a position adjacent to the Melbourne Street Bridge, then
- North-East to a position adjacent to the Yarrawonga Yacht Club (Victoria).

Duration

8am to 5pm Saturday 6 and Sunday 7 May 2017.

Detail

Competitive ski racing will be conducted on the waters of Lake Mulwala, as specified above, involving the use of high speed power vessels which will be active in the area described above on both days during the above times. There will also be support vessels present to manage the event, persons being towed at speed using tow-lines, and persons in the water from time to time – presenting a significant potential hazard to other waterway users.

An **EXCLUSION ZONE** is specified during the times specified above and comprising the area detailed above.

Unauthorised vessels and persons are strictly prohibited from entering the exclusion zone which will be marked by buoys and the presence of official vessels.

Government Notices

Due to high speeds involved in the event, Roads and Maritime urges all spectators to exercise extreme caution when near the area including awareness of approaching race vessels and likely exit routes in case of an emergency.

Penalties may apply (section 12(5) – *Marine Safety Act 1998*)

Director Plant Biosecurity and Product Integrity and Chief Plant Protection Officer
Department of Primary Industries
(an office within the Department of Industry,
Skills and Regional Development)
(by delegation)

Plant Diseases (Rice Biosecurity Zone) Order (No. 2) 2017

under the Plant Diseases Act 1924

1 Name of Order

This Order is the *Plant Diseases (Rice Biosecurity Zone) Order (No. 2) 2017*.

2 Commencement

This Order commences on the date it is published on the Department's internet website.

3 Definitions

In this Order:

Certification Assurance Arrangement means an arrangement approved by the Department of Primary Industries which enables a business accredited under the arrangement to certify that certain quarantine requirements have been satisfied for movement of certain host plant material to interstate and/or intrastate markets.

Note: An example of an approved Certification Assurance Arrangement is the Interstate Certification Assurance (ICA) Scheme.

diseases and pests affecting rice means any of the following organisms:

Common name	Scientific name
Bacterial grain rot or panicle blight	<i>Burkholderia glumae</i>
Bakanae	<i>Gibberella fujikuroi</i>
Golden apple snail	<i>Pomacea canaliculata</i>
Kernel smut of rice	<i>Tilletia barclayana</i>
Khapra beetle	<i>Trogoderma granarium</i>
Rice blast	<i>Magnaporthe grisea</i>
Rice water weevil	<i>Lissorhoptrus oryzophilus</i>

milled means processed in such a way so as to remove the husk, bran and germ layers thereby rendering each grain incapable of germination.

packaged means sealing of the product or good within a bag or wrapper, material or any other thing that is used to transport or sell the rice product.

Plant Health Assurance Certificate means a document issued by a business accredited under a Certification Assurance Arrangement.

Plant Health Certificate means a document issued by:

- (a) an inspector appointed under section 11(1) of the Act or a person authorised pursuant to section 11(3) of the Act, or
- (b) a person authorised to issue such a certificate under a law of another State or Territory that relates to plant biosecurity.

Rice Biosecurity Zone means the land within the Local Government Areas of Balranald, Berrigan, Carrathool, Edward River, Federation, City of Griffith, Hay, Leeton, Murray River, Murrumbidgee and Narrandera.

rice plant means any plant belonging to the genera *Oryza* and *Zizania* including any part of any such plant whether processed or not other than:

- (a) rice flour, rice or meals containing rice that have been packaged in Australia and processed to be rendered free of micro-organisms that are capable of growing in the food in the normal conditions in which the food is held during storage and distribution (***commercial sterility***), or
- (b) packaged food containing rice that has been processed (***heat treated***) by a combination of moisture with heat or pressure (or both) to achieve starch gelatinisation in the rice.

starch gelatinisation means to rupture the rice starch granules so the rice absorbs water which softens and swells the size of the rice grain.

the Act means the *Plant Diseases Act 1924*.

used rice agricultural equipment means any machinery or equipment that has been used in the production, harvesting, handling or processing of a rice plant.

used rice packaging means any covering or packaging that has contained or been in contact with a rice plant or used rice agricultural equipment.

4 Revocation of *Plant Diseases (Rice Biosecurity Zone) Order 2017*

Pursuant to section 3(2)(a) of the Act, the *Plant Diseases (Rice Biosecurity Zone) Order 2017* published in *NSW Government Gazette* No. 16 of 3 February 2017 at pages 291 to 295 is revoked, as is any Order revived as a result of this revocation.

5 Regulation of the movement of rice plant

Pursuant to section 4(1) of the Act a rice plant must not be imported, introduced or brought into the Rice Biosecurity Zone unless it is in accordance with clause 6 or 7 of this Order.

6 Certain rice that originated inside the Rice Biosecurity Zone and moved outside the Rice Biosecurity Zone within Australia

Pursuant to section 4(1) of the Act, rice that has been processed to remove the husk may be imported, introduced or brought into the Rice Biosecurity Zone if the following conditions are met:

- (a) the rice originated in the Rice Biosecurity Zone and then moved outside the

- Rice Biosecurity Zone but within Australia;
- (b) the rice is packaged before entering into the Rice Biosecurity Zone; and
 - (c) the package is externally free of soil, rice plant and the visible presence of diseases and pests affecting rice; and
 - (d) while outside the Rice Biosecurity Zone, the rice was stored in a facility that within the last five years had not stored, contained or handled any rice plant other than rice plant originating within the Rice Biosecurity Zone; and
 - (e) the rice is accompanied by a Plant Health Certificate or a Plant Health Assurance Certificate certifying that the requirements in subclauses (a) –(d) inclusive have been met.

7 Imported milled white rice

Pursuant to section 4(1) of the Act, imported milled white rice from outside Australia may be imported, introduced or brought into the Rice Biosecurity Zone if it is packaged in impermeable materials and is for human consumption.

8 Used rice agricultural equipment

Pursuant to section 4(1) of the Act, used rice agricultural equipment must not be imported, introduced or brought into the Rice Biosecurity Zone unless the following conditions are met:

- (a) it has been:
 - (i) thoroughly cleaned to remove all soil and rice plant; and
 - (ii) disinfested by:
 - a. steam applied at a temperature above 100 degrees Celsius and accessing all surfaces, or
 - b. immersion in hot water for a minimum of 2 minutes at a temperature greater than 70 degrees Celsius; and
- (b) it is accompanied by a Plant Health Certificate or a Plant Health Assurance Certificate certifying that the conditions in subclause (a) have been met.

9 Used rice packaging

Pursuant to section 4(1) of the Act, used rice packaging must not be imported, introduced or brought into the Rice Biosecurity Zone unless the requirements in subclauses (a) or (b) have been met:

- (a) the used rice package:
 - (i) has been thoroughly cleaned to remove all soil and rice plant; and
 - (ii) is made of impermeable materials; and
 - (iii) is accompanied by a Plant Health Certificate or Plant Health Assurance Certificate certifying that the requirements in subclauses (i) and (ii) have been met; or
- (b) the used rice packaging:
 - (i) only contains things that have been packaged in the Rice Biosecurity Zone; and

- (ii) has been thoroughly cleaned to remove all soil and rice plant; and
- (iii) is accompanied by a Plant Health Certificate or Plant Health Assurance Certificate certifying that the requirements in subclauses (i) and (ii) have been met.

10 Prohibition of any snail of the genera *Pila* and *Pomacea*

Pursuant to section 4(1) of the Act, the importation, introduction or bringing into the Rice Biosecurity Zone of any snail of the genera *Pila* and *Pomacea* is prohibited.

11 Prohibition of diseases and pests affecting rice

Pursuant to section 4(1) of the Act, the importation, introduction or bringing into New South Wales of any of the diseases and pests affecting rice is prohibited.

Anti-Discrimination Act 1977

EXEMPTION ORDER

(A) Under the provisions of section 126 of the *Anti-Discrimination Act 1977* (NSW) and for the purposes only of meeting the Applicant's legal obligations pursuant to:

- Manufacturing Licence Agreements;
- Technical Assistance Agreements;
- Proprietary Information Agreements; and/or
- Export licences granted by the US Department of Commerce;

under the United States International Traffic in Arms Regulations ("ITAR") and Export Administration Regulations ("EAR"), as amended from time to time, (together, the "US Regulations"), the Applicant is granted an exemption from sections 8, 10 and 51 of the *Anti-Discrimination Act 1977* (NSW) to permit the Applicant to do the following:

1. ask present and future employees and contractors to disclose their full names;
2. ask present and future employees and contractors to declare their exact citizenship (including any dual citizenship) and their country of birth;
3. require present and future employees and contractors to produce a photocopy of their passport(s);
4. require present and future employees and contractors to wear a badge confirming their right to access ITAR Controlled Material or their level of access to any ITAR Controlled Material. Such badges may be coded but not in such a way as to identify the citizenship, as declared, or country of birth of the person, or the reasons for that person's level of access;
5. require present and future employees and contractors involved in projects which use ITAR Controlled Material, to notify the Applicant of any change to their citizenship status, to the best of their knowledge and belief;
6. restrict access, by means of transfer if necessary, to controlled technology to particular members of the Applicants workforce, based on their citizenship or country of birth;
7. reject applications from prospective employees and contractors for positions related to projects which use ITAR Controlled Material, based on the prospective employee or contractor's:
 - a. citizenship, as declared;

-
- b. country of birth; or
 - c. substantive contacts, where such contacts objectively create an unacceptable risk of diversion of ITAR Controlled Material or technology;

but not on the basis of the prospective employee's descent, or ethnic or ethno-religious or national origin;
8. advertise controlled positions with the Applicant as being subject to the Exemption Order;
 9. record and maintain a register ("Register") of those employees and contractors that are permitted to access ITAR Controlled Material or work on controlled projects due to citizenship, or country of birth status. Access to the register to be limited to only those employees, (including contractors' staff), contract workers and agents of the Applicant with a need to know; and
 10. ask present and future employees and contractors to execute a non-disclosure agreement in accordance with the licence or Technical Assistance Agreement required by the Department of State, United States of America, in the event they are authorised to have access to ITAR Controlled Material.
 11. ask present and future employees and contractors to disclose their substantive contacts with individuals from restricted or prohibited countries listed in the ITAR; and
 12. restrict access, by means of transfer if necessary, to controlled technology to particular members of the Applicant' workforce, based on their substantive contacts, where such contacts objectively create an unacceptable risk of diversion of ITAR Controlled Material or technology; and
 13. record and maintain a register of those employees and contractors that are not permitted to access ITAR Controlled Material or work on controlled projects due to substantive contacts. Access to the register to be limited to only those employees, (including contractors' staff), contract workers and agents of the Applicant with a need to know.
- (B) This Exemption Order does not extend to any other identification, collection, storage or use of information in relation to any employee in respect of that employee's race, colour, nationality, descent or ethnic, ethno-religious or national origin. Except to the extent expressly provided for herein, this Exemption Order does not excuse, or purport to excuse, the Applicant from complying with its obligations pursuant to the *Anti-Discrimination Act 1977 (NSW)* or any other legislation or at common law.
- (C) The Applicant is required, prior to taking any action permitted by this Exemption Order, to provide all employees, and prospective employees with:

1. express notice that they may be adversely affected by this exemption if they are not an Australian citizen or if they hold dual citizenship;
2. a reasonable explanation in plain English of the nature of any adverse effects of such action to them; and
3. information (at the time of recruitment in the case of prospective employees) about how they can apply for Australian citizenship.

(D) In addition to the above conditions the Applicant is required to:

1. produce comprehensive anti-discrimination policies governing all aspects of the work and workforce, including management, and with particular regard to race discrimination, vilification and harassment and victimisation;
2. establish concise and comprehensive dispute resolution and grievance procedures to receive, investigate and resolve discrimination complaints and grievances and, in particular, those relating to race discrimination, vilification and harassment and victimisation;
3. implement training programs, including at induction, to ensure that all members of the Applicant's workforce, including management, are fully informed of their rights and obligations under such policies and procedures, particularly with regard to issues of race discrimination, vilification, harassment and victimisation;
4. ensure that all members of the workforce, including management, receive regular education and training in issues of discrimination, particularly race discrimination, vilification, harassment and victimisation;
5. take steps to fully inform the workforce, including management, of their rights under the *Anti-Discrimination Act 1977* (NSW) and, in particular, but not limited to, the complaints procedure under the *Anti-Discrimination Act 1977* (NSW) and to ensure that all members of the workforce, including management, are aware of the rights of aggrieved persons to take their complaints to the Anti-Discrimination Board and through the New South Wales Civil and Administrative Tribunal;
6. take steps to fully inform the workforce, including management, of the requirements of, and their rights and obligations under, the *Racial Discrimination Act 1975* (Cth);
7. notify the Board if the discriminatory terms and provisions of the relevant US legislation and/or Regulations are repealed or become inoperative, so that this Exemption Order may be revoked or amended.

(E) The Applicant is required to advise the Anti-Discrimination Board, every six months from the date of this Exemption Order, over the period specified in this Order, of:

1. The steps it has taken to comply with all the above conditions, including:

- a. the number of job Applicant rejected for ITAR purposes, including those subsequently appointed to other roles within each reporting period;
- b. the number of employees retrenched or redeployed due to ITAR requirements and any steps taken to minimise retrenchment or redeployment, and any steps taken generally to mitigate the impact of the Applicant's responsibility under ITAR on the deployment of its workforce within each reporting period;
- c. the number of vacancies advertised within each reporting period, including the number of such vacancies where candidates were required to satisfy ITAR related requirements.
- d. any steps taken to implement '*effective procedures to prevent diversion*', including the number of its employees for whom it has applied for individual security clearances, how many such clearances were approved by the Australian Government, and its procedures to screen employees (including reviewing their substantive contacts) and have them execute non-disclosure agreements.

2. The implementation and compliance generally with the terms of this Exemption Order.

(F) The Applicant is required to take all reasonable steps to ensure that any employees adversely affected by this Exemption Order, retain employment with the Applicant, and do not suffer a reduction in wages, salary or opportunity for advancement.

(G) If the Applicant, in order to enable it to comply with the US Regulations or related contractual obligations associated with the US Regulations, moves a member of the workforce from one project to another, the Applicant must take reasonable steps both to explain to that person why the transfer has occurred and to avoid any race-based hostility that might result from the transfer.

(H) Where prospective employees adversely affected by this Exemption Order would otherwise have been acceptable to the Applicant as employees, the Applicant is required to consider and, if feasible, implement reasonable and practicable alternatives to rejection, such as employment in other work or obtaining the necessary approvals under the US Regulations.

In this Exemption Order:

- the expression "the Applicant" means Rohde & Schwarz (Australia) Pty Limited;
- the expression "ITAR Controlled Material" means controlled defence articles, technical data and defence services which are the subject of export controls under the US Regulations.

This exemption will remain in force for 2 years.

Local Government Remuneration Tribunal

Executive Summary

The Local Government Remuneration Tribunal (the Tribunal) is required to report to the Minister for Local Government by 1 May each year as to its determination of categories and the maximum and minimum amounts of fees to be paid to mayors, councillors, and chairpersons and members of county councils.

Categories

Since the making of the 2016 determination a number of councils have been amalgamated resulting in the creation of 20 new councils. The impact of those structural changes is an overall reduction in the number of councils in NSW from 152 to 128. This significant change has prompted a review of the existing categories and the allocation of councils into each of those categories.

In undertaking the review the Tribunal examined the existing categories, a range of statistical and demographic data and considered the views of councils and Local Government NSW. Having regard to that information the Tribunal has determined a categorisation model which differentiates councils primarily on the basis of their geographic location. Other factors which differentiate councils for the purpose of categorisation include population, the sphere of the council's economic influence and the degree of regional servicing.

In accordance with section 239 of the *Local Government Act 1993* (LG Act) the categories of general purpose councils are determined as follows:

Metropolitan

- Principal CBD
- Major CBD
- Metropolitan Large
- Metropolitan Medium
- Metropolitan Small

Non-metropolitan

- Regional City
- Regional Strategic Area
- Regional Rural
- Rural

Local Government Remuneration Tribunal

The determination provides for the retention of five existing categories (some with new titles) and the creation of two new categories. Each council is allocated into one of the categories based on the criteria outlined on pages 12 to 15 of the report.

Fees

The majority of councils will receive an increase of 2.5 per cent only which is consistent with the government's wages policy. Six existing councils will be eligible for increases of more than 2.5 per cent as those councils have been categorised into a higher or new category on the basis of the revised criteria.

The 20 new councils have been placed in one of the existing or new categories. These 20 councils replaced 44 former councils. The scale of the new councils means that the majority of these new councils will be eligible for fees that are higher than those paid to the former entities. However, the significant reduction in the number of councils from 152 to 128 has resulted in an estimated maximum saving on the overall cost of councillor fees in NSW of approximately \$2.5M.

Local Government Remuneration Tribunal

Section 1 Introduction

1. Section 239 of the LG Act provides for the Tribunal to determine the categories of councils and mayoral offices and to place each council and mayoral office into one of those categories. The categories are to be determined at least once every 3 years.
2. Section 241 of the LG Act provides for the Tribunal to determine, not later than 1 May in each year, for each of the categories determined under section 239, the maximum and minimum amount of fees to be paid to mayors and councillors of councils, as well as chairpersons and members of county councils.
3. In determining the maximum and minimum fees payable in each of the categories, the Tribunal is required, pursuant to section 242A of the LG Act, to give effect to the same policies on increases in remuneration as those of the Industrial Relations Commission. The current policy on wages is that public sector wages cannot increase by more than 2.5 per cent, and this includes the maximum and minimum fees payable to councillors and mayors and chairpersons and members of county councils.
4. The Tribunal's determinations take effect from 1 July in each year. The Tribunal's Report and Determination of 2016, made on 29 March 2016, provided a general increase of 2.5 per cent which was consistent with the Government's policy on wages.
5. Since the making of the 2016 determination there has been a reduction in the number of councils in NSW from 152 to 128. In response to this significant change the Tribunal will review the categories and the allocation of each council and mayoral offices into those categories, pursuant to section 239 of the LG Act.

Section 2 Local Government Reform

Update on council amalgamations

6. The NSW Government has been working with local councils since 2011 to create stronger councils and strengthen local communities.
7. On 12 May 2016 the NSW Government announced the formation of 19 new councils. The proclamation of the new Bayside Council occurred on 9 September 2016 following

Local Government Remuneration Tribunal

the conclusion of legal action in the Court of Appeal. This took the total number of new councils created in 2016 to 20.

8. The decision to create new councils follows four years of extensive community and industry consultation and independent research and analysis which found a strong case for reform.
9. Detailed information on the reform process and progress to date can be found on the [Fit for the Future](#) and [Stronger Councils](#) websites.
10. On 14 February 2017, the Government announced that all merged councils in NSW will remain in place and the proposed formation of a further five new councils in Sydney would proceed, subject to the outcome of court proceedings. However, there will be no further regional council mergers.

Amendments to the *Local Government Act 1993*

11. The LG Act was amended in July 2016 to insert sub-clauses (3) and (4) into section 242A to clarify the intent of the impact of the government's wages policy on a determination which may change the category of a council as follows:

242A Tribunal to give effect to declared government policy on remuneration for public sector staff

- (1) In making a determination, the Remuneration Tribunal is to give effect to the same policies on increases in remuneration as those that the Industrial Relations Commission is required to give effect to under section 146C of the Industrial Relations Act 1996 when making or varying awards or orders relating to the conditions of employment of public sector employees.*
- (2) The policies referred to in subsection (1) do not include any policy that provides for increases in remuneration based on employee-related savings.*
- (3) This section does not apply to a determination by the Remuneration Tribunal that changes the category of a council or mayoral office (whether or not the effect of the change is to increase the range of amounts payable to the councillors and mayor of a council).*
- (4) To avoid doubt, this section extends to a determination of the minimum and maximum amounts payable for a category in existence when the determination is made.*

12. The impact of these amendments to the LG Act is outlined in section 4 of this report.

Local Government Remuneration Tribunal

Section 3 Review of Categories

Scope of review

13. Section 239 of the LG Act requires the Tribunal to determine the categories of councils and mayoral offices at least once every 3 years. The Tribunal last reviewed the categories during the 2015 annual review.
14. Since the making of the 2016 determination there has been an overall reduction in the number of councils from 152 to 128. This significant change has prompted a review of the existing categories and the allocation of councils into each of those categories.
15. In determining categories the Tribunal is required to have regard to the following matters that are prescribed in section 240 of the LG Act:
“240 (1)
 - *the size of areas*
 - *the physical terrain of areas*
 - *the population of areas and the distribution of the population*
 - *the nature and volume of business dealt with by each Council*
 - *the nature and extent of the development of areas*
 - *the diversity of communities served*
 - *the regional, national and international significance of the Council*
 - *such matters as the Remuneration Tribunal considers relevant to the provision of efficient and effective local government*
 - *such other matters as may be prescribed by the regulations.*”
16. The Tribunal is tasked with determining a categorisation model in which councils with the largest number of features in common can be grouped together for remuneration purposes. This is not straightforward as each council has challenges and issues which are unique.
17. The existing categories group councils primarily on the basis of their geographic location (predominantly metropolitan or rural). Categories are then further differentiated on other factors including population, the sphere of the council’s economic influence and the council’s degree of regional servicing.

Local Government Remuneration Tribunal

18. The Tribunal reviewed this model having regard to a large amount of statistical material, including population and financial data, demographic indicators and indicators of regional significance. The Tribunal found that while the existing criteria continue to provide an equitable and transparent model by which to differentiate councils for the purposes of determining remuneration, there existed some scope to refine these criteria to address a number of categorisation anomalies and to better reflect the composition of councils post amalgamations.
19. In considering a new model the Tribunal sought to improve consistency and transparency in the determination of categories and the allocation of councils into each of those categories. Having considered the existing and new councils, the Tribunal identified a number of councils that specifically warranted either recategorisation into an existing category or a new category.
20. The current model provides for the councils of Newcastle, Wollongong, Central Coast (former Wyong and Gosford) and Lake Macquarie to be grouped with councils in the Sydney Metropolitan Area. These councils are not located in what is generally defined as the Sydney Metropolitan Area and the categorisation did not adequately reflect their regional status. Having assessed the characteristics of these councils the Tribunal was of the preliminary view that the categories should differentiate metropolitan and non-metropolitan councils. On that basis two new categories were proposed for the regional group to accommodate these councils.
21. In respect of the larger metropolitan councils, amalgamations in the Sydney metropolitan area have resulted in a significant number of councils with populations of greater than 200,000. The 2016 determination provided for the Council of the City of Parramatta to be categorised in the same category (Metropolitan City) as Newcastle and Wollongong City Councils. The proposal to move Newcastle and Wollongong into the non-metropolitan group necessitated a re-think of the categorisation for Parramatta City Council having regard to its status in the metropolitan region. The Tribunal found that Parramatta City Council was significantly differentiated from other large metropolitan councils on the basis of its secondary CBD status as recognised by the State Government. On this basis a new category of Major CBD was proposed for Parramatta City Council.
22. Prior to seeking the views of Local Government NSW (LGNSW) and councils the Tribunal's preliminary view was that most of the existing categories should be retained but there

Local Government Remuneration Tribunal

should also be some new categories to reflect the evolving shape of local government in NSW. The proposed model was as follows:

Metropolitan

- Principal CBD
- Major CBD
- Metropolitan Major
- Metropolitan Centre
- Metropolitan

Regional

- Regional City
- Regional Strategic Centre
- Regional Rural
- Rural

23. To test this model the Tribunal wrote to all mayors in November 2016 advising of the commencement of the 2017 Annual Review. In doing so the Tribunal advised councils of its intention to the revise the existing categorisation model following examination of the list of existing and new councils. To assist councils in making their submissions the Tribunal outlined its preliminary thinking on a proposed model for metropolitan and non-metropolitan councils as follows:

“Metropolitan

Five metropolitan categories are proposed. The existing Principal City category is proposed to be retained for Sydney City Council and renamed Principal CBD. Major City is proposed to be abolished and a new category created for Parramatta City Council. The Tribunal’s preliminary thinking is that this category will be titled Major CBD. The existing Metropolitan Major, Metropolitan Centre and Metropolitan categories will be retained for the new and remaining existing councils.....

Non-metropolitan

Four non-metropolitan categories are proposed. A new Regional City category will be created for Newcastle and Wollongong City Councils. A new Regional Strategic Centre category will be created for Central Coast and Lake

Local Government Remuneration Tribunal

Macquarie Councils. The existing Regional Rural and Rural categories will be retained for other new and remaining councils.....

County Councils

The Tribunal does not intend to make any change to the categorisation of county councils and will retain the existing categories of Water and Other.”

24. The Tribunal also outlined its approach to the criteria for categorising councils into the proposed metropolitan and non-metropolitan categories as follows:

“The Tribunal’s 2009 annual determination outlines the characteristics for the existing categories. At this stage the Tribunal intends to adopt a similar approach and will determine descriptors for the proposed categories for the purposes of classifying councils into the categories. Population is likely to remain a determining factor for differentiating categories of councils. The Tribunal will also have regard to the matters prescribed in section 240 of the LG Act.”

25. The Tribunal invited submissions on the proposed categorisation model, criteria for the allocation of councils into the categories, fees for the proposed categories and any other matters.
26. The Tribunal also wrote to the President of LGNSW in similar terms, and subsequently met with the President and Chief Executive of LGNSW. The Tribunal wishes to place on record its appreciation to the President and Chief Executive for meeting with the Tribunal.

Submissions received - categorisation

27. In response to this review the Tribunal received 28 submissions from individual councils and a submission from LGNSW. A summary of the key points is below.

Categorisation

28. Approximately half of the submissions (46 per cent) supported the proposed categories with no variation or supported the proposed categories with variations to titles or the number of categories. The balance of the submissions (54 per cent) did not express a view in respect to the proposed categorisation model.

Local Government Remuneration Tribunal

29. In respect to variations put forward in submissions, the LGNSW requested that the proposed “Major CBD” and “Metropolitan Major” be merged and called “Metropolitan Major” and an additional category be created called “Special/Interim”. The “Metropolitan Major” category would include councils with a population of at least 250,000 and/or that met other specified indicators that set them apart from other metropolitan councils. The “Special/Interim” category would apply on an interim basis to councils that demonstrate special attributes/circumstances that are out of the ordinary, for example high population growth.
30. Council submissions requested additional categories such as a “Metropolitan Growth Centre” or “Metropolitan Major – Growth Centre” for councils dealing with high growth; “Metropolitan Gateway” for councils that connect the regions to metropolitan areas; and “Peri-Urban” for councils that interface between urban and rural areas.

Criteria

31. A number of submissions referred to the criteria provided in section 240 of the LG Act, either noting or stating the criteria remain relevant (18 per cent) or suggesting that additional criteria to those provided in section 240 is required (50 per cent). Other submissions explained how their individual council performed against the section 240 criteria (29 per cent). The balance of the submissions did not express a view in respect to the criteria for categorisation (18 per cent).
32. The LGNSW suggested that the criteria need to be expanded to include a wider range of factors such as the level of disadvantage an area suffers, annual growth rate of an area (relative to population) and expenditure of an area.
33. Council submissions suggested additional criteria such as status as a NSW Evocity; the nature of a council’s business, for example some do not provide water and sewerage services; level of economic activity in a local government area; specific population thresholds; resident/councillor ratio and planning significance in terms of Government targets.
34. Councils were also asked to provide submissions on the matter of fees. Comments relating to fees are outlined in section 4.

Local Government Remuneration Tribunal

Findings - categorisation

35. The Tribunal is appreciative of the number of submissions received and the effort made in those submissions to comment on the proposed categorisation model and to provide further suggestions for consideration. Given the broad support the Tribunal will determine the categories as proposed with a number of minor variations which in part reflect the feedback received.
36. Since seeking the views of councils the Tribunal has reconsidered the titles of the former metropolitan categories being Metropolitan Major, Metropolitan Centre and Metropolitan. The Tribunal found that these titles did not adequately describe the characteristics of the councils in those groups or articulate the difference between them. The Tribunal has determined that the three categories will be retained but that they will be re-titled Metropolitan Large, Metropolitan Medium and Metropolitan Small. The primary determinant for categorisation into these groups will be population.
37. The Tribunal also considers that the title of Regional Strategic Centre is more appropriately titled Regional Strategic Area. The two councils to be categorised into this group are local government areas which represent a large number of townships and communities of varying scale.
38. The revised model which will form the basis of this determination is as follows:

Metropolitan

- Principal CBD
- Major CBD
- Metropolitan Large
- Metropolitan Medium
- Metropolitan Small

Non-metropolitan

- Regional City
- Regional Strategic Area
- Regional Rural
- Rural

39. The criteria for each of the categories are outlined below. As with the previous categories the predominant factor to guide categorisation is population. Other common features of councils within those categories are also broadly described. These criteria

Local Government Remuneration Tribunal

have relevance when population alone does adequately reflect the status of one council compared to others with similar characteristics. In some instances the additional criteria will be significant enough to warrant the categorisation of a council into a group with a higher population threshold.

40. There is no significant change to the categorisation of county councils. A proclamation was published in the NSW Government Gazette No 52 of 22 June 2016 dissolving the Richmond River County Council and Far North Coast and the transferring their functions and operations to Rous County Council with effect 1 July 2016. County councils continue to be categorised on the basis of whether they undertake water and/or sewerage functions or administer, control and eradicate declared noxious weeds as a specified Local Control Authority under the *Noxious Weeds Act 1993*.

Criteria for categories

The following criteria will apply to each of the categories:

Principal CBD

The Council of the City of Sydney (the City of Sydney) is the principal central business district (CBD) in the Sydney Metropolitan area. The City of Sydney is home to Sydney's primary commercial office district with the largest concentration of businesses and retailers in Sydney. The City of Sydney's sphere of economic influence is the greatest of any local government area in Australia.

The CBD is also host to some of the city's most significant transport infrastructure including Central Station, Circular Quay and International Overseas Passenger Terminal. Sydney is recognised globally with its iconic harbour setting and the City of Sydney is host to the city's historical, cultural and ceremonial precincts. The City of Sydney attracts significant visitor numbers and is home to 60 per cent of metropolitan Sydney's hotels.

The role of Lord Mayor of the City of Sydney has significant prominence reflecting the CBD's importance as home to the country's major business centres and public facilities of state and national importance. The Lord Mayor's responsibilities in developing and maintaining relationships with stakeholders, including other councils, state and federal governments, community and business groups, and the media are considered greater than other mayoral roles in NSW.

Local Government Remuneration Tribunal

Major CBD

The Council of the City of Parramatta (City of Parramatta) is the economic capital of Greater Western Sydney and the geographic and demographic centre of Greater Sydney. Parramatta is the second largest economy in NSW (after Sydney CBD) and the sixth largest in Australia.

As an secondary CBD to metropolitan Sydney the Parramatta local government area is a major provider of business and government services with a significant number of organisations relocating their head offices to Parramatta. Public administration and safety has been a growth sector for Parramatta as the State Government has promoted a policy of moving government agencies westward to support economic development beyond the Sydney CBD.

The City of Parramatta provides a broad range of regional services across the Sydney Metropolitan area with a significant transport hub and hospital and educational facilities. The City of Parramatta is home to the Westmead Health and Medical Research precinct which represents the largest concentration of hospital and health services in Australia, servicing Western Sydney and providing other specialised services for the rest of NSW.

The City of Parramatta is also home to a significant number of cultural and sporting facilities (including Sydney Olympic Park) which draw significant domestic and international visitors to the region.

Metropolitan Large

Councils categorised as Metropolitan Large will typically have a minimum population of 200,000.

Other features may include:

- total operating revenue exceeding \$200M per annum
- the provision of significant regional services to greater Sydney including, but not limited to, major education, health, retail, sports, other recreation and cultural facilities
- significant industrial, commercial and residential centres and development corridors
- high population growth.

Councils categorised as Metropolitan Large will have a sphere of economic influence and provide regional services considered to be greater than those of other metropolitan councils.

Local Government Remuneration Tribunal

Metropolitan Medium

Councils categorised as Metropolitan Medium will typically have a minimum population of 100,000.

Other features may include:

- total operating revenue exceeding \$100M per annum
- services to greater Sydney including, but not limited to, major education, health, retail, sports, other recreation and cultural facilities
- industrial, commercial and residential centres and development corridors
- high population growth.

The sphere of economic influence, the scale of council operations and the extent of regional servicing would be below that of Metropolitan Large councils.

Metropolitan Small

Councils categorised as Metropolitan Small will typically have a population less than 100,000.

Other features which distinguish them from other metropolitan councils include:

- total operating revenue less than \$150M per annum.

While these councils may include some of the facilities and characteristics of both Metropolitan Large and Metropolitan Medium councils the overall sphere of economic influence, the scale of council operations and the extent of regional servicing would be below that of Metropolitan Medium councils.

Regional City

Councils categorised as Regional City will typically have a population above 150,000. These councils are metropolitan in nature with major residential, commercial and industrial areas. These Councils typically host government departments, major tertiary education and health facilities and incorporate high density commercial and residential development.

These councils provide a full range of higher order services and activities along with arts, culture, recreation and entertainment facilities to service the wider community and broader region. These councils typically also contain ventures which have a broader State and national focus which impact upon the operations of the council.

Newcastle City Council and Wollongong City Councils are categorised as Regional City.

Local Government Remuneration Tribunal

Regional Strategic Area

Councils categorised as Regional Strategic Area are differentiated from councils in the Regional Rural category on the basis of their significant population. Councils categorised as Regional Strategic Area will typically have a population above 200,000. These councils contain a mix of urban and rural settlements. They provide a range of services and activities including business, office and retail uses, along with arts, culture, recreation and entertainment facilities to service the wider community. These councils host tertiary education campuses and health facilities.

While councils categorised as Regional Strategic Area may have populations which exceed those of Regional City, they would not typically provide the same range of regional services or have an equivalent sphere of economic influence.

Central Coast Council and Lake Macquarie Council are categorised as Regional Strategic Area.

Regional Rural

Councils categorised as Regional Rural will typically have a minimum population of 20,000.

Other features which distinguish them from other non-metropolitan councils include:

- a major town or towns with the largest commercial component of any location in the surrounding area
- a significant urban population existing alongside a traditional farming sector, and are surrounded by smaller towns and villages or may be located on or close to the coast with high levels of population and tourist facilities
- provide a full range of higher-order services including business, office and retail uses with arts, culture, recreation and entertainment centres
- regional services to the wider community through principal referral hospitals, tertiary education services and major regional airports
- these councils may also attract large visitor numbers to established tourism ventures.

Rural

Councils categorised as Rural will typically have a population below 20,000.

Other features which distinguish them from other non-metropolitan councils include:

- one or two significant townships combined with a considerable dispersed population spread over a large area and a long distance from a major regional centre
- a limited range of services, facilities and employment opportunities compared to Regional Rural councils
- local economies based on agricultural/resource industries.

County Councils - Water

County councils that provide water and/or sewerage functions with a joint approach in planning and installing large water reticulation and sewerage systems.

County Councils - Other

County councils that administer, control and eradicate declared noxious weeds as a specified Local Control Authority under the *Noxious Weeds Act 1993*.

Local Government Remuneration Tribunal

41. These criteria will be included in future determinations as an appendix to ensure they are readily accessible.

Allocation of council into categories

42. In accordance with section 239 of the LG Act the Tribunal is required to allocate each of the councils into one of the categories. The allocation of councils is outlined in the determination under section 6.
43. In determining the allocation of councils into these categories the Tribunal found that there were certain councils that could warrant categorisation into another category based on additional criteria. The Tribunal notes that a number of metropolitan and non-metropolitan councils have or are expected to experience significant development and population growth in the future. A number of these local government areas have been identified in the State Government's key planning strategies and include Camden and The Hills councils. The Tribunal acknowledges the additional responsibilities these and other councils may face now and in the future, however for the initial categorisation these councils have been categorised primarily on the basis of their population. The Tribunal will continue to monitor these and other councils to determine the appropriateness of the allocation of councils and the categorisation model for future determinations.

Section 4 Fees

Scope of review

44. In determining the maximum and minimum fees payable in each of the categories, the Tribunal is required, pursuant to section 242A of the LG Act, to give effect to the same policies on increases in remuneration as those that the Industrial Relations Commission is required to give effect to under section 146C of the Industrial Relations Act 1996 (IR Act), when making or varying awards or orders relating to the conditions of employment of public sector employees.
45. The current policy on wages pursuant to section 146C(1)(a) of the IR Act is articulated in the Industrial Relations (Public Sector Conditions of Employment) Regulation 2014 (the Regulation). The effect of the Regulation is that public sector wages cannot increase by

Local Government Remuneration Tribunal

more than 2.5 per cent, and this includes the maximum and minimum fees payable to councillors and mayors and chairpersons and members of county councils.

46. The LG Act was amended in July 2016 to insert sub-clauses (3) and (4) into section 242A to clarify the intent of the impact of the government's wages policy on a determination which may change the category of a council as follows:

242A Tribunal to give effect to declared government policy on remuneration for public sector staff

(1) In making a determination, the Remuneration Tribunal is to give effect to the same policies on increases in remuneration as those that the Industrial Relations Commission is required to give effect to under section 146C of the Industrial Relations Act 1996 when making or varying awards or orders relating to the conditions of employment of public sector employees.

(2) The policies referred to in subsection (1) do not include any policy that provides for increases in remuneration based on employee-related savings.

(3) This section does not apply to a determination by the Remuneration Tribunal that changes the category of a council or mayoral office (whether or not the effect of the change is to increase the range of amounts payable to the councillors and mayor of a council).

(4) To avoid doubt, this section extends to a determination of the minimum and maximum amounts payable for a category in existence when the determination is made.

47. Those amendments make clear that the minimum and maximum fees applicable to the existing categories cannot be increased by more than 2.5 per cent. The Tribunal is however able to determine that a council can be placed in another existing or a new category with a higher range of fees without breaching the government's wage policy. These changes provided the Tribunal with greater flexibility in reviewing fees for existing and new councils.

Submissions received - Fees

48. A number of submissions supported an increase in fees either by no less than 2.5 per cent or by an unspecified amount (25 per cent of responses). Several submissions suggested an alternative fee model (11 per cent) or made other general comments (29 per cent). The balance of submissions did not express a view in respect to fees (36 per cent).

Local Government Remuneration Tribunal

49. The LGNSW submitted that the Tribunal must increase fees by no less than 2.5 per cent being of the view that fees have already fallen behind comparable roles. Also, that the fee structure fails to recognise the work of councillors and is often inadequate to attract and retain people with the necessary skills and expertise. The LGNSW also made reference to the changes to the LG Act that have expanded the role of the governing body (section 223) and mayors and councillors (sections 226 and 232). These points were also put forward in several council submissions along with requests that fees account for additional duties performed as members of a joint organisation.
50. In respect to alternative fee models several councils requested the Tribunal to consider a fee model similar to those applying to local governments in Victoria or Queensland; that fees are calculated as a percentage of the salary payable to members of the NSW Parliament; or that fees be benchmarked against the remuneration for the Principal CBD category.

Findings - Fees

51. The Tribunal is required to have regard to the Government's wages policy when determining the increase to apply to the maximum and minimum fees that apply to councillors and mayors. The public sector wages policy currently provides for a cap on increases of 2.5 per cent.
52. The Tribunal has reviewed the key economic indicators, including the Consumer Price Index and Wage Price Index, and had regard to budgetary limitations imposed by the Government's policy of rate pegging, and finds that the full increase of 2.5 per cent is warranted. The 2.5 per cent increase will apply to the minimum and the maximum of the ranges for all existing categories.
53. The new categories have their remuneration ranges determined for the first time in this determination. As an initial determination the ranges for the new categories are not subject to the wages policy, however any future increase will be impacted in accordance with section 242A(4) of the LG Act.
54. The minimum and maximum fees for the new categories have been determined having regard to the relativities that exist between the existing groups.
55. For the category of Major CBD the maximum councillor fee is set at approximately 85 per cent of maximum councillor fee for Principal CBD. The maximum mayoral fee is set at

Local Government Remuneration Tribunal

- approximately 50 per cent of the maximum mayoral fee for Principal CBD. The minimum fees for both councillors and mayors are set at the same as that determined for the Metropolitan Large.
56. For the category of Regional City the maximum councillor fee is set at approximately 80 per cent of maximum councillor fee for Principal CBD. The maximum mayoral fee is set at approximately 45 per cent of the maximum mayoral fee for Principal CBD. The minimum fees for both councillors and mayors are set at the same as that determined for the Regional Strategic Area.
57. The minimum and maximum fees payable to the category of Regional Strategic Area will be the same as those payable to Metropolitan Large.

Impact of fee increase and new categories

58. The majority of councils will receive an increase of 2.5 per cent only.
59. Six councils will be eligible for increases of more than 2.5 per cent as those councils have been categorised into a higher or new category on the basis of the revised criteria.
60. The twenty new councils have been placed in one of the existing or new categories. These twenty councils replaced forty-four former councils. The scale of the new councils means that the majority of these new councils will be eligible for fees that are higher than those paid to the former entities. However, the significant reduction in the number of councils from 152 to 128 has resulted in an estimated maximum saving on the overall cost of councillor fees in NSW of approximately \$2.5M.

Section 5 Other matters

Fees for Deputy Mayors

61. Several council submissions requested that the Tribunal review the remuneration payable to Deputy Mayors (14 per cent). It was suggested that the remuneration be increased to reflect the additional duties undertaken or that elected deputy mayors receive an allowance based on a percentage of the councillor fee.
62. Councils have raised the matter of separate fees for Deputy Mayors on previous occasions and the Tribunal notes that it has previously determined that there is no provision in the

Local Government Remuneration Tribunal

LG Act to empower the Tribunal to determine a separate fee or fee increase for Deputy Mayors. The method for determining separate fees, if any, for a Deputy Mayor are provided in section 249 of the LG Act as follows:

249 Fixing and payment of annual fees for the mayor

- (1) *A council must pay the mayor an annual fee.*
- (2) *The annual fee must be paid in addition to the fee paid to the mayor as a councillor.*
- (3) *A council may fix the annual fee and, if it does so, it must fix the annual fee in accordance with the appropriate determination of the Remuneration Tribunal.*
- (4) *A council that does not fix the annual fee must pay the appropriate minimum fee determined by the Remuneration Tribunal.*
- (5) *A council may pay the deputy mayor (if there is one) a fee determined by the council for such time as the deputy mayor acts in the office of the mayor. The amount of the fee so paid must be deducted from the mayor's annual fee."*

Conclusion

63. The Tribunal's determinations have been made with the assistance of the two Assessors - Mr Ian Reynolds and Mr Tim Hurst. The allocation of councils into each of the categories, pursuant to section 239 of the LG Act, is outlined in Determination No. 1. The maximum and minimum fees paid to councillors and mayors and members and chairpersons of county councils, pursuant to section 241 of the LG Act, is outlined in Determination No. 2.

64. On 14 February 2017, the Government announced that the proposed formation of a further five new councils in Sydney would proceed, subject to the outcome of court proceedings.

65. The Tribunal may need to consider the categorisation of further new councils following the conclusion of legal action. Should this occur prior to the making of the 2018 determination the Minister may direct the Tribunal to make a special determination(s) in accordance with section 242 of the LG Act.
