MARINE SAFETY ACT 1998

MARINE NOTICE

Section 12(2)

REGULATION OF VESSELS - EXCLUSION ZONE

Location
Clarence River - Grafton, adjacent to Memorial Park, upstream approximately 4.5km and within a buoyed area marked around Susan Island.

Duration
8.30am to 5.30pm Saturday 6 and Sunday 7 May 2017.

Detail
Competitive water ski racing will be conducted on the waters of the Clarence River, Grafton, as specified above, involving the use of high speed power vessels which will be active in the area on both days. There will also be support vessels on the water to manage the event. Competing vessels with skiers will race at high speed, presenting a significant potential hazard to other waterway users.

An EXCLUSION ZONE is specified during the event, which will be marked by buoys at the above location. The exclusion zone will be patrolled by official patrol and control vessels.

Vessel operators and persons must keep a proper lookout, keep well clear of competing and support vessels and should exercise extreme caution near the exclusion zone.

No unauthorised vessels may enter the exclusion zone between the specified times.

A TRANSIT LANE will be established along the Clarence River within which Roads and Maritime Officers or an authorised control vessel may, at times during the event, authorise local vessel traffic to pass through and within the confines of the transit lane.

SPECIAL RESTRICTIONS apply to vessels using the transit lane. Vessels navigating the transit lane must do so at a speed not exceeding 4 knots, must produce no wash, and must comply with any direction given by an authorised officer.

Penalties may apply (section 12(5) - Marine Safety Act 1998)

MARINE SAFETY ACT 1998

MARINE NOTICE

Section 12(2)

REGULATION OF VESSELS - EXCLUSION ZONE

Location
Byron Bay - in coastal waters off Wategos Beach and the Main Beach shorelines, and within an area bounded by:

• A position adjacent to Wategos Beach (the start line for the event), then
• North to north-west to a position on the foreshore directly in front of the Byron Bay Surf Lifesaving Club (the finish line for the event).

Duration
8am to 12pm Sunday 7 May 2017.
A swimming event, the Byron Bay Ocean Swim Classic, will be conducted on the waters of Byron Bay.

An **EXCLUSION ZONE** for the course is specified during the event at the location detailed above. The outer perimeter of the event course will be marked by a series of high visibility surf lifesaving vessels both, passive and powered driven, which will remain mobile and advance in a northerly direction as the swim event takes place. The finish line will be marked by a series of small inflatable buoys. A shorter course will also be in use for the first race (commencing at “The Pass” and finishing at the Byron Bay Surf Lifesaving Club). Safety and support vessels will be in attendance managing the event.

Unauthorised vessels and persons are strictly prohibited from entering the exclusion zone which will be patrolled by event vessels, and marked Roads and Maritime and Police vessels.

All vessel operators and persons using the coastal waters off Byron Bay should keep a proper lookout, keep well clear of competing swimmers and support vessels, and exercise extreme caution.

A ‘transit lane’ will be established through the exclusion zone within which patrol vessels, may at times during the event, authorise local vessel traffic to pass through the course.

**SPECIAL RESTRICTIONS** apply to vessels using the transit lane. Vessels navigating the transit lane must do so at a speed not exceeding 4 knots, must produce no wash, and must comply with any direction given by an authorised officer.

Penalties may apply (section 12(5) - *Marine Safety Act 1998*)

Controlled Allocation Order (Various Groundwater Sources) 2017

under the

Water Management Act 2000

I, Gavin Hanlon, Deputy Director General Water, having delegated authority from the Minister for Regional Water, in pursuance of section 65 of the Water Management Act 2000, declare that the right to apply for an access licence for specified water sources is to be acquired by tender as set out in the following Order.

Dated this first day of May, 2017.

GAVIN HANLON
Deputy Director General Water
Department of Primary Industries
(an office within the Department of Industry)
(by delegation)

Explanatory note
This Order is made under section 65 of the Water Management Act 2000. The object of this Order is to declare that the right to apply for an aquifer access licence in respect of the water sources identified in Schedule 1 is to be acquired by way of tender. The tender is to be conducted through a Registration of Interest Process according to the Terms and Conditions at Schedule 2. For each water source specified in Schedule 1, persons may register their interest in obtaining the right to apply for an aquifer access licence up to the quantity of units of access licence share component specified for that water source.
Controlled Allocation Order (Various Groundwater Sources) 2017

under the

Water Management Act 2000

1 Name of Order

This Order is the Controlled Allocation Order (Various Groundwater Sources) 2017.

2 Term of Order

This Order commences on the day on which it is published in the NSW Government Gazette and will remain in force until 31 October 2020, unless it is repealed or extended by order before that date.

3 Water sources to which this Order applies

This Order applies to each water source specified in Column 2 of Schedule 1 to this Order in relation to the water sharing plan specified in Column 1 of Schedule 1 for that water source.

4 Controlled allocation of aquifer access licences

1) The right to apply for an access licence in respect of the water sources to which this Order applies is limited to the category aquifer access licence.

2) The right to apply for an aquifer access licence in respect of the water sources to which this Order applies:
   a) cannot exceed the quantity of units of access licence share component (“unit shares”) specified in Column 3 of Schedule 1 for the water source specified in Column 2 of Schedule 1, and
   b) is to be acquired by tender for a price not less than the amount specified in Column 4 of Schedule 1 for a unit share in that water source.

Note. The right to apply for an aquifer access licence does not include the right to apply for an aquifer (general security) access licence or an aquifer (high security) access licence which are different categories of access licence.

5 Subcategories of aquifer access licence

The right to apply for an aquifer access licence does not include the right to apply for a subcategory of aquifer access licence.

6 Controlled allocation process

The tender is to be carried out in the form of a Registration of Interest process in accordance with the Terms and Conditions set out at Schedule 2 to this Order.

Terms and Conditions for the Controlled Allocation of Access Licence Process

Introduction

The Crown in right of the State of New South Wales acting through the Department of Primary Industries as an office of the Department of Industry (“DPI Water”) is conducting a tender process which calls for persons to register their interest in obtaining the right to apply for an access licence (category aquifer access licence) in a number of groundwater sources that have unassigned water.

Unassigned water exists in groundwater sources where current water requirements are less than the limits specified in water sharing plans. Current water requirements include licensed volumes plus volumes required to meet basic landholder rights.4

For water sources that are managed under the Commonwealth’s Basin Plan 2012 (“the Basin Plan”), the unassigned water volume is calculated by subtracting current water requirements from the sustainable diversion limit that applies under the Basin Plan.

For water sources outside the Murray-Darling Basin, the unassigned water volume is calculated by subtracting current water requirements from the long term average extraction limit specified in the water sharing plans.

Long term average extraction limits in water sharing plans and sustainable diversion limits in the Basin Plan have been set to ensure that water is reserved for the environment.

This document sets out the Terms and Conditions upon which the controlled allocation of access licence process (“the Controlled Allocation Process”) is to be conducted (“the Terms and Conditions”), and sets out the rights and obligations of each participant in the Controlled Allocation Process.

Important note

The right that is the subject of the Controlled Allocation Process is the right to apply for an access licence. Should a participant be successful in gaining the right to apply for an access licence, this does not necessarily mean that an access licence will be granted when it is applied for. If successful in gaining the right to apply for an access licence, the participant will need to lodge a licence application which will be determined in accordance with the requirements of the relevant water sharing plan and the Water Management Act 2000 (“the Act”).

A successful participant’s licence application will also be conditional upon the participant complying with the Terms and Conditions.

Participants should be aware that there are restrictions on the granting of access licences in certain water sources due to management zone rules in relevant water sharing plans, as

---

4 In groundwater sources a basic landholder right is, in a practical sense, water taken from the groundwater source for domestic and stock use and water taken from the groundwater source and used pursuant to native title rights in accordance with a native title determination.
specified in Schedule 1 to this Order. The Registration of Interest ("RoI") form makes provision for a management zone to be specified in relation to a water source.

The successful participant may also need to and bears the risk of, obtaining further approvals to take and/or use the water. These may include, for example, a water supply work approval and/or a water use approval under the Act or an approval/consent under the Environmental Planning and Assessment Act 1979 ("the EPA Act"). Prior to taking water the successful participant will also need to ensure that a water supply work or extraction point is nominated on the access licence. There may also be restrictions on nominating a work in certain water sources due to management zone rules. Participants should check with DPI Water or WaterNSW to confirm whether there are any restrictions which may prevent them obtaining and using the necessary licences and approvals to take water in their desired manner.

5 From 1 July 2016, certain functions related to the delivery of water services were transferred from DPI Water to WaterNSW. Participants should check with DPI Water if the person is a DPI Water customer. Participants should check with WaterNSW if the person is a WaterNSW customer.

A person is a DPI Water customer if they are a Major Utility, Water Supply Authority, Local Water Utility, Irrigation Corporation, the Commonwealth, another State or Territory, a New South Wales government agency or a State Owned Corporation constituted under the State Owned Corporations Act 1989.

A person is also a DPI Water customer if they conduct activities which:
• required them to obtain an Aboriginal commercial, Aboriginal community development, Aboriginal cultural or Aboriginal environmental subcategory of access licence under the Act; or
• required them to obtain any authority, lease or licence under the Mining Act 1992, Offshore Minerals Act 1999 or the Petroleum (Onshore) Act 1991 or any permit or licence under the Petroleum (Offshore) Act 1982, but only in relation to those activities; or
• required them to obtain a controlled activity approval or an aquifer interference approval under the Act; or
• have been:
  o declared a State Significant Development under s 89C of the EPA Act or is declared to be a State Significant Development under a State environmental planning policy,
  o declared a State Significant Infrastructure under s 115U of the EPA Act or is declared to be State Significant Infrastructure under a state environmental planning policy; or
  o approved under the now repealed Part 3A of the EPA Act; or
• relate to floodplain harvesting in regulated or unregulated rivers.

A WaterNSW customer is any person who holds, or is required to hold a licence or approval who is not a DPI Water customer.
Part 1 – Overview

1.1 DPI Water will conduct the Controlled Allocation Process under the Controlled Allocation Order (Various Groundwater Sources) 2017 ("the Order") in accordance with the Terms and Conditions.

1.2 The Controlled Allocation Process will involve a RoI process that will consist of up to three RoI periods:
   a) All of the water specified in Schedule 1 to this Order will be made available in the first RoI period,
   b) Following the first RoI period, any water specified in Schedule 1 that is still available may be made available in a second RoI period, and
   c) Following the second RoI period, any water specified in Schedule 1 that is still available may be made available in a third RoI period.

1.3 The minimum price for the right to apply for an access licence is the same in each RoI period. The minimum price per unit of access licence share component ("unit share") in each water source is specified in Schedule 1 to this Order.

1.4 Participants must nominate:
   a) The water source specified in Schedule 1 to this Order (and management zone if applicable),
   b) The price per unit share they are willing to pay for the right to apply for an access licence in the relevant water source (must be a full dollar amount), and
   c) The number of whole unit shares they wish to purchase.

1.5 Successful notices will be issued to participants offering the highest price (above the minimum price) per unit share for a water source, until the available unit shares have been exhausted or the Deputy Director General of the Department of Primary Industries, Water (Deputy Director General) decides to hold over remaining unit shares to a subsequent RoI period or Controlled Allocation Process.

1.6 Participants who receive successful notices must, within 28 days, complete payment, defer payment or withdraw from the Controlled Allocation Process.

1.7 Participants who receive successful notices and complete payment of the total purchase price must apply for an access licence within 28 days of payment.

1.8 If an access licence application arising from the Controlled Allocation Process is refused, DPI Water will refund the total purchase price paid by the participant.

1.9 A participant who commits a default under this Order may be precluded from participating in this current and future Controlled Allocation Processes.

Part 2 – The RoI process

2.1 The RoI process will consist of up to three 30 day RoI periods:
   a) The first RoI period will commence on 8 May 2017 ("the Commencement Date"). On the Commencement Date, a notice will be published on the website of DPI Water (www.water.nsw.gov.au) notifying people of the right to register their interest within 30 days,
   b) A second RoI period may commence on the first anniversary of the Commencement Date. On this date, a notice will be published on the website of DPI Water notifying people of the right to register their interest within 30 days, and
c) A third RoI period may commence on the second anniversary of the Commencement Date. On this date, a notice will be published on the website of DPI Water notifying people of the right to register their interest within 30 days.

2.2 To register interest in an RoI period, a participant must within the 30 day RoI period:
   a) Accurately complete the RoI form available on the DPI Water website as at the date of the application, and
   b) Submit the completed RoI form and application fee of $150 ("the RoI Application") to DPI Water in the manner specified on the form.

Notes:
1. RoI Applications that are not accurately completed and submitted to DPI Water within the 30 day RoI period will not be accepted.
2. An RoI Application is only valid for the RoI period in which it is submitted. A person may be successful or unsuccessful in an RoI Application within an RoI period. A person will need to submit a new RoI Application for each RoI period the person would like to participate in.

2.3 A right to apply for an access licence that is gained through the Controlled Allocation Process is not transferable.

Notes:
1. This means that the only person who can apply for an access licence arising from the Controlled Allocation Process, or who can enter into a Contract for Deferral pursuant to clause 4.3(b), is the person who submits a successful RoI Application. If the access licence is to be held by more than one person, each person must be identified in the RoI Application.
2. ‘Person’ has the same meaning as defined in s 21 of the Interpretation Act 1987.

2.4 If a participant is seeking to acquire a right to apply for access licences in more than one water source, they must lodge a separate RoI Application for each water source.

2.5 A participant may make multiple bids at different price points for unit shares within the same water source during an RoI period by submitting a separate RoI Application for each bid. In these circumstances:
   a) Each bid will be processed separately, and
   b) The Terms and Conditions apply in relation to each successful bid.

Note:
This means that a person who is successful in more than one bid must, unless they withdraw their bid within the initial 28 day period, pay the total purchase price (immediately or by entering into a contract for deferral) and lodge a valid access licence application for each successful bid – see clause 4.

2.6 Participants in the Controlled Allocation Process must:
   a) Not engage in unethical or collusive behaviour or seek to obtain an unfair advantage, and
   b) Comply with standards of behaviour in Part 4 of the NSW Government Code of Practice for Procurement ("the Code of Practice"), as applicable.

Notes:
2. Under Part 5, this behaviour may be held against a participant in current and future controlled allocation processes.

Part 3 – Selection of successful RoI Applications

3.1 Subject to clauses 3.2 to 3.4, the right to apply for an access licence in each water source will be offered to the RoI Application with the highest price for that right in an RoI period, provided that the price is at or above the minimum price per unit share set out in Schedule 1 to this Order.
3.2 If, within an RoI period, the unit shares available in a water source are not fully exhausted by the highest offered price per unit share, then a right to apply for an access licence may continue to be awarded to the RoI Applications in the order of the next highest price per unit share until:
   a) The unit shares available for that water source have been fully allocated,
   b) There are no further bids at or above the minimum price, or
   c) The Deputy Director General decides to hold over any remaining unit shares to a future RoI period, or to a future controlled allocation order made under section 65 of the Act.

3.3 If two or more RoI Applications in an RoI period include:
   a) bids at the same highest price per unit share in the same water source, or
   b) bids at the same next highest price per unit share in the same water source (as described in clause 3.2), and
   the sum of the unit shares applied for is greater than the unit shares available for that RoI period, then rights to apply for access licences will be distributed proportionally between those RoI Applications according to the number of unit shares of each bid, to the extent they can be apportioned as full unit shares.
   Note: This means a participant may only successfully obtain the right to apply for an access licence for some (but not all) of the unit shares applied for in an RoI Application.

3.4 The Deputy Director General may refuse (including by refusing to consider) an RoI Application at his or her discretion for any reason, including but not limited to circumstances where the Deputy Director General:
   a) Reasonably believes that the participant has engaged in collusive behaviour, or
   b) Is not satisfied that the RoI Application was submitted within a RoI period.

Part 4 – Rights and obligations of participants

4.1 Upon the expiration of a RoI period, the Deputy Director General will:
   a) Determine the successful RoI Applications based on the criteria set out in Part 3,
   b) Issue successful participants with written notice (“the Successful Notice”) that sets out:
      a. the price at which the participant has, subject to full payment of the total purchase price for all unit shares specified in the Successful Notice (“the Total Purchase Price”), been offered the right to apply for an access licence, and
      b. the number of unit shares and water source to which the access licence application may relate, and
   c) Issue non-successful participants with written notice (“the Unsuccessful Notice”) that they were not successful in the RoI period. Participants may withdraw from the Controlled Allocation Process by notice in writing to the Deputy Director General, or maintain the option of being issued a subsequent Successful Notice before the next RoI period (see clause 4.2).

4.2 After the end of an RoI period and prior to the commencement of any subsequent RoI period, the Deputy Director General may issue a Successful Notice to any continuing participant who had previously been issued an Unsuccessful Notice.

4.3 Within 28 days of issue of a Successful Notice, the participant must either:
   a) Complete payment: Pay the Total Purchase Price in the manner set out in the Successful Notice,
   b) Defer payment: Defer payment of the Total Purchase Price by sending a Contract for Deferral that has been executed by the participant (see sample contract at Annexure B), and the first Annual Holding Fee to DPI Water, or
c) Withdraw: Withdraw from the Controlled Allocation Process by written notice to the Deputy Director General.

Notes:
1. An Annual Holding Fee is 20 per cent of the Total Purchase Price, payable for each year a participant defers payment. This is in addition to, and does not affect the participant’s obligation to pay, the Total Purchase Price.
2. A sample Contract for Deferral is provided at Annexure B. Participants will be provided with a prefilled Contract for Deferral for execution with the Successful Notice.
3. The deferral cannot exceed the term of the Order. If a participant is successful in a second RoI period, that person will only be able to defer for up to two years. If a participant is successful in a third RoI period, that participant will only be able to defer for up to one year.

4.4 If a participant defers payment of the Total Purchase Price, the participant must pay the Total Purchase Price on or before the termination of the Contract for Deferral.

4.5 A participant acquires the right to apply for an access licence under section 65 of the Act when the Total Purchase Price has been paid.

4.6 Upon receipt of the Total Purchase Price, DPI Water will generate a reference number for the access licence application ("the Reference Number") and provide it to the participant.

4.7 A participant must apply for an access licence for the total unit shares specified in the Successful Notice within 28 days of the issue of a Reference Number. Note: Access licence application forms and fee details are available on the DPI Water website (www.water.nsw.gov.au) or the WaterNSW website (www.waternsw.com.au).

4.8 If an application for an access licence arising from the Controlled Allocation Process is refused, DPI Water will refund the Total Purchase Price paid by the participant.

Late withdrawal from the Controlled Allocation Process

4.9 If a successful participant wishes to withdraw from the Controlled Allocation Process more than 28 days after issue of the Successful Notice, the participant may, by written notice to the Deputy Director General, apply to withdraw from the Controlled Allocation Process. The notice must set out the reasons for the request and the delay in deciding to withdraw, and may be made any time prior to determination of an access licence application arising from the Controlled Allocation Process.

4.10 The Deputy Director General may:
   a) Not allow the withdrawal, or
   b) Allow the withdrawal. In these circumstances, DPI Water will refund the Total Purchase Price paid and any access licence application arising from the Controlled Allocation Process will be withdrawn.

Note: Application fees will not be refunded.

Part 5 – Default

5.1 In the event of a Default:
   a) A participant may, at the discretion of the Deputy Director General, lose any right to apply for an access licence under section 65 of the Act obtained under that RoI.
b) A participant and any related parties\(^7\) may, at the discretion of the Deputy Director General, be precluded from participating in any remaining RoI periods or future controlled allocation order processes under section 65 of the Act.\(^8\)

Note: Application fees will not be refunded and the Reference Number will be cancelled.

5.2 For the purposes of this Part 5, **Default** includes:

a) Failure to complete payment, defer payment or withdraw from the Controlled Allocation process within 28 days in accordance with clause 4.3 (and an application for late withdrawal has not been allowed in accordance with clause 4.10(a)),

b) Failure to pay the Total Purchase Price on or before the termination of the Contract for Deferral (and an application for late withdrawal has not been allowed in accordance with clause 4.10(a)),

c) Failure to comply with Part 4 of the Code of Practice,

d) Failure to submit a valid access licence application\(^9\) within 28 days of a Reference Number being provided to a participant in accordance with clause 4.6,

e) Provision of false or misleading information to DPI Water and/or WaterNSW in the Controlled Allocation Process or application for an access licence, and

f) Circumstances where the Deputy Director General is satisfied that a participant has engaged in collusive behaviour, unethical behaviour, or sought to obtain an unfair advantage in the Controlled Allocation Process.

Note: A dishonoured cheque will be considered failure to pay.

### Part 6 – Acknowledgements

6.1 Lodgement of an RoI Application in accordance with clause 2.2 is acknowledgement and representation by the participant that:

a) The participant accepts and agrees to the Terms and Conditions (including not to engage in unethical or collusive behaviour, or to seek to obtain an unfair advantage in the Controlled Allocation Process),

b) The participant bears its own risk for the decision to make the RoI Application and has read the “Important note” in the Terms and Conditions,

c) The participant has read the requirements in Part 4 of the Code of Practice and has and will comply with those requirements in the Controlled Allocation Process, and agrees to provide, on request, access to all relevant information to demonstrate compliance with those requirements,

d) The participant is aware that lodgement of an RoI Application does not necessarily mean that an access licence will be granted when it is applied for and that if successful in gaining the right to apply for an access licence, the participant will need to lodge a licence application which will be determined consistent with the requirements of the relevant water sharing plan and the Act,

e) The Controlled Allocation Process will be determined in accordance with the Act, any associated regulations or guidelines as in force from time to time and the Terms and Conditions,

f) The Order and Terms and Conditions do not constitute a contract between DPI

---

\(^7\) A person or company is taken to be related to another person or company if the relevant entities would be "related parties" under s. 228 of the Corporations Act 2001 (Cth).

\(^8\) In making any decision, the Deputy Director General may invite submissions from the successful participant, including exceptional circumstances or financial hardship.

\(^9\) An application is valid if it complies with the Act, accompanied by all applicable application fees, quotes the Reference Number, completed by or on behalf of the person who made the relevant RoI application, and is accurately and fully completed using the relevant water access licence application form.
Water and the participant in any respect,
g) The Crown in right of the State of New South Wales, including DPI Water and its officers, employees and agents ("the State"), accepts no liability in relation to any action, proceeding, claim, demand, cost, loss, damage or expense (including reasonable legal costs or expenses) arising directly or indirectly as a result of or in connection with this Controlled Allocation Process or any act or omission of the State in connection with this Controlled Allocation Process,
h) In the event that, notwithstanding clauses 6(f) and 6(g), the State is found to be liable in any way, the State’s liability shall be limited to the participant’s reasonable costs of participation in the Controlled Allocation Process, and does not include liability for any lost profit, lost opportunity or other losses of the participant,
i) All information contained in the Rol Application is accurate, true and complete and that the State will rely on such information, and
j) The participant is responsible for obtaining any legal, financial or technical advice in connection with the Controlled Allocation Process.

PARTIES

The Crown in right of the State of New South Wales acting through the Department of Primary Industries as an office of the Department of Industry (ABN 72 189 919 072) located at Level 11, 10 Valentine Avenue, Parramatta NSW 2150 (Department); and

The entity listed in Item 1 of Schedule 1 (Participant).

BACKGROUND

A Pursuant to Controlled Allocation Order (Various Groundwater Sources) 2017 (Order), the Department has conducted a "Registration of Interest" process calling for persons to register their interest in obtaining a right to apply for an aquifer access licence for certain groundwater sources (Controlled Allocation Process).

B Following the conduct of the Controlled Allocation Process, the Participant was successful in gaining the right to apply for an aquifer access licence.

C The Participant now wishes to defer payment of the Total Purchase Price and the associated right to apply for an aquifer access licence, and the Department has agreed to allow the Participant to do so, in accordance with the terms of this deed.

AGREEMENT

1 DEFINITIONS AND INTERPRETATION

1.1 Definition

The following words have the following meanings in this deed unless the context requires otherwise:

Act means the Water Management Act 2000 (NSW).

Annual Holding Fee means the amount which is 20 per cent of the Total Purchase Price, being the amount specified in Item 2 of Schedule 1.

Confidential Information means all information disclosed by a party to the other party under this deed, all technical information, financial information and other valuable or sensitive information of whatever description which a party regards as confidential, proprietary or of a sensitive nature. It does not include information which:

(a) is lawfully in the public domain prior to its disclosure to a party by another person;
(b) enters the public domain otherwise than as a result of an unauthorised disclosure;
(c) is or becomes available to the receiving party from a third person lawfully in possession of it who has the lawful power to disclose the information to the receiving party on a non-confidential basis; or
(d) was known by the receiving party before disclosure to it.
**Deferral Option** means the option to defer for one year, payment of the Total Purchase Price and the associated right to lodge an application for an aquifer access licence pursuant to the Act.

**Effective Date** means the later of the date on which the Participant:

(a) executes this deed; and

(b) pays the first Annual Holding Fee in accordance with the requirements of clause 4(a)(i).

**Order** has the meaning given in paragraph A of the Background.

**Term** means the period calculated in accordance with clause 2(a).

**Terms and Conditions** means the terms and conditions set out in Schedule 2 of the Order.

**Total Purchase Price** means the total purchase price payable by the Participant to the Department for a right to apply for an aquifer access licence pursuant to the Act, as specified in Item 3 of Schedule 1.

### 1.2 Interpretation

(a) In this deed unless the contrary intention appears:

(i) a reference to this deed includes any variation or replacement of it;

(ii) a reference to a statute or other law includes regulations and other instruments under it and consolidations, amendments, re-enactments or replacements or any of them;

(iii) the singular includes the plural number and vice versa;

(iv) the word *person* includes a firm, corporation, body corporate, unincorporated association or any governmental authority;

(v) a reference to a person includes a reference to the person's legal personal representatives, successors and permitted assigns; and

(vi) a reference to a party means a person who is named as a party to, and is bound to observe the provisions of, this deed.

(b) All headings in this deed have been inserted for the purpose of ease of reference only. They do not affect the meaning or interpretation of it.

(c) Any schedule attached to this deed forms part of it.

(d) If the Participant comprises more than one person then each person will be jointly and severally bound by any obligations of the Participant under this deed.
2 TERM

(a) The rights and obligations under this deed come into effect on the Effective Date and expire on the anniversary of the Effective Date specified in Item 4 of Schedule 1 unless:

(i) extended by the Department in its absolute discretion; or

(ii) earlier terminated in accordance with its terms.

(b) Notwithstanding any other term of this deed, this deed will terminate immediately if the Effective Date does not occur by the date which is 28 days after the date on which the Department records that the Participant has been issued a "Successful Notice" pursuant to the Terms and Conditions.

3 DEFERRAL

3.1 Initial deferral

From the Effective Date until the day before the first anniversary of the Effective Date, the Department grants the Participant a deferral of the payment of the Total Purchase Price and the associated right to lodge an application for an aquifer access licence pursuant to the Act.

3.2 Grant of subsequent annual deferrals

(a) Subject to clause 3.2(b), the Department grants the Participant the number of Deferral Options specified in Item 5 of Schedule 1.

(b) A Deferral Option can only be exercised once in respect of each year of the Term and must be exercised before each anniversary of the Effective Date by paying the Annual Holding Fee in accordance with clause 4(a)(ii).

4 PAYMENT OF ANNUAL HOLDING FEE

(a) The Annual Holding Fee must be paid by the Participant to the Department and:

(i) in respect of the first Annual Holding Fee, by the date which is 28 days after the date on which the Department records that the Participant has been provided with a "Successful Notice" pursuant to the Terms and Conditions; and

(ii) in respect of each subsequent exercise of a Deferral Option during the Term, before the corresponding anniversary of the Effective Date.
(b) The Participant acknowledges and agrees that:

(i) the Annual Holding Fee represents a reasonable opportunity cost of the Participant exercising the Deferral Option for the relevant year of the Term;

(ii) any payment of the Annual Holding Fee made pursuant to this deed is not refundable under any circumstances; and

(iii) any payment of the Annual Holding Fee is in addition to, and does affect the Participant’s obligation to pay, the Total Purchase Price.

5 EFFECT OF DEED

(a) The Participant acknowledges and agrees that:

(i) the rights and obligations in this deed are in addition to those set out in the Order;

(ii) nothing in this deed shall be construed as:

(A) granting or preserving a right to apply for an aquifer access licence if the Participant has lost the right to apply for an aquifer licence pursuant to the terms of the Order, the requirements of the relevant water sharing plan or any applicable laws; or

(B) granting the Participant an aquifer access licence;

(iii) if the Participant wishes to apply for an aquifer access licence it will need to submit a licence application together with a separate access licence application fee as required by the Terms and Conditions which will be determined in accordance with the requirements of the relevant water sharing plan and applicable laws; and

(iv) notwithstanding that the Participant has been successful in gaining the right to apply for an aquifer access licence, this does not necessarily mean that an aquifer access licence will be granted when it is applied for.

(b) Without limiting any term of this deed, the Participant must at all times comply with the Order and all relevant laws (including the Act).

(c) The exercise of a Deferral Option does not have the effect of deferring payment of the Total Purchase Price beyond the date of expiry or termination of this deed.

6 INDEMNITY

(a) The Participant will indemnify the Department against any and all loss, liability, damages, and expenses including legal fees suffered or incurred by the Department to the extent that such loss, liability, damage or expense is
suffered or incurred, as a result of a breach by the Participant of this deed and the Order.

(b) The obligation to indemnify under clause 6(a) will be reduced to the extent that the negligence of the Department caused or contributed to the loss, liability, damage or expense suffered or incurred.

7 CONFIDENTIALITY

(a) Each party must keep the other party's Confidential Information confidential and not use it other than for the purpose of exercising its rights and performing its obligations under this deed.

(b) Each party must establish and maintain reasonable measures to safeguard the other party's Confidential Information from unauthorised use or access. Each party must notify the other party immediately on becoming aware of any suspected or actual unauthorised use or disclosure of the other party's Confidential Information.

(c) A party may disclose the other party's Confidential Information to any of its officers, employees, agents, contractors and legal, financial and other professional advisers solely to the extent necessary to enable it to exercise its rights and perform its obligations under this deed. A party who makes a disclosure under this clause must first ensure that the relevant person is bound by confidentiality obligations no less restrictive than the party's obligations under this deed.

(d) A party may disclose the other party's Confidential Information to the extent it is required by any applicable laws or government policy.

8 PRIVACY

The Participant must:

(a) comply with all applicable privacy laws as may be in force from time to time which regulate the collection, storage, use and disclosure of personal information;

(b) comply with all directions by the Department:

   (i) relating to the means by which the Department complies with the Privacy and Personal Information Protection Act 1998 (NSW), the Department's privacy policies, and all other applicable laws, codes and privacy policies; and

   (ii) co-operate with the Department in the resolution of any complaint alleging a breach of any such laws, codes or privacy policies.

9 TERMINATION

(a) This deed will terminate immediately on the earlier of:

   (i) the date of expiry of this deed as contemplated by clause 2(a);

   (ii) the occurrence of the matters contemplated by clause 2(b);
(iii) the corresponding anniversary of the Effective Date, if the Participant has not paid the Annual Holding Fee to the Department by the due date contemplated by clause 4(a)(ii); and

(iv) the date that the Department receives payment of the entirety of the Total Purchase Price from the Participant.

(b) The Department may terminate this deed immediately by written notice to the Participant if:

(i) the Participant withdraws from the process contemplated by the Order as described in Part 4 of the Terms and Conditions;

(ii) the Participant commits a default under the Terms and Conditions; or

(iii) the Participant breaches this deed.

10 GENERAL

10.1 Notices

(a) Any notice given or made under this deed must be:

(i) in legible writing;

(ii) signed by the party giving or making it (or signed on behalf of such party by its duly authorised representative); and

(iii) left at the address or sent by prepaid security post (air mail if outside Australia) to the address of the recipient party specified in Item 6 of Schedule 1.

(b) Proof of receipt occurs in the case of a notice, on the third (seventh, if outside Australia) day after the date of posting.

10.2 Governing law

This deed is governed by the law in force in New South Wales. Each party submits to the non-exclusive jurisdiction of the courts of New South Wales.

10.3 Severability

If any part or provision of this deed is judged invalid or unenforceable in a jurisdiction it is severed for that jurisdiction and the remainder of this deed will continue to operate.

10.4 Variation

An amendment or variation to this deed is not effective unless it is in writing and signed by the parties.
10.5 **Transfer of rights**

(a) The Department may assign any of its rights, or novate its rights and obligations, under this deed without the consent of the Participant to any department, government agency or any other body created by or under legislation of the State of New South Wales for the purpose of administering the functions or discharging the role of the Department or to any government agency within the meaning given to that term in section 162 of the Public Works and Procurement Act 1912 (NSW).

(b) The Participant must not assign its rights under this deed or purport to novate its rights and obligations under this deed.

10.6 **Survival**

Clauses 5, 6, 7 and 8 survive the expiry or termination of this deed.

10.7 **Costs**

The parties agree to pay their own legal and other costs and expenses in connection with the preparation, execution and completion of this deed and any related documentation.

CRIMINAL PROCEDURE ACT 1986
District Court Criminal Practice Note 12
READINESS HEARINGS

COMMENCEMENT
1. This Practice Note revises the version published on 25 July 2016.

APPLICATION
2. This Practice Note applies to proceedings on indictment with an estimated duration of three or more weeks.

DEFINITIONS
3. In this Practice Note:
   “accused person” includes an Australian legal practitioner representing an accused person
   “court” means the District Court
   “Judge” has the same meaning as in the District Court Act 1973
   “pre-trial conference” means a conference held under s 140 of the Criminal Procedure Act 1986
   “pre-trial hearing” means a hearing held under s 139 of the Criminal Procedure Act 1986
   “prosecutor” has the same meaning as in the Criminal Procedure Act 1986
   “readiness hearing” means a hearing to ascertain the readiness of the trial to proceed on the allocated trial date

INTRODUCTION
4. The purpose of this Practice Note is to reduce delays in proceedings on indictment with an estimated duration of three or more weeks by enabling the court to order the prosecutor and the accused person to attend one or more readiness hearings.
5. This Practice Note responds to the provisions of the Criminal Procedure Act 1986, Part 3, Division 3 (‘Case management provisions and other provisions to reduce delays in proceedings’).

PROCESS
6. At the first mention of proceedings in the court or at any other time, the court may order the prosecutor and the accused person to attend one or more readiness hearings before the court.
7. The prosecutor must file and serve the Crown Case Statement at least five days prior to the readiness hearing.
8. During the readiness hearing, the court may make any such orders, determinations or findings, or give such directions or rulings, as it thinks appropriate to identify the issues in contention and for the efficient management and conduct of the trial.
9. Case management measures available to the court during the readiness hearing include the ordering of pre-trial hearings, pre-trial conferences and further pre-trial disclosure. The court has discretion in determining which (if any) measures are suitable in the proceedings concerned.
10. The following persons must be present during the readiness hearing:
   a. the prosecutor,
   b. the Australian legal practitioner representing the accused person, and
   c. the accused person, if not represented by an Australian legal practitioner and not in custody.
11. The accused person is not required and is not expected to be present at the readiness hearing provided he or she is represented by an Australian legal practitioner.
12. The readiness hearing will be vacated and the matter listed for directions in the arraignment list where the accused person is not represented by an Australian legal practitioner and is in custody.
13. The prosecutor and the accused person's legal representatives are to be present at the readiness hearing with full knowledge of the state of the proceedings.
14. Readiness hearings will normally be fixed at least six weeks prior to the date set for trial and held in courtroom 21A, Level 21, John Maddison Tower, 86 Goulburn Street, Sydney, NSW 2000.
