

Government Gazette

of the State of

New South Wales

Number 11

Friday, 8 February 2019

The New South Wales Government Gazette is the permanent public record of official NSW Government notices. It also contains local council, private and other notices.

From 1 January 2019, each notice in the Government Gazette has a unique identifier that appears in round brackets at the end of the notice and that can be used as a reference for that notice (for example, (n2019-14)).

The Gazette is compiled by the Parliamentary Counsel's Office and published on the NSW legislation website (www.legislation.nsw.gov.au) under the authority of the NSW Government. The website contains a permanent archive of past Gazettes.

WORK HEALTH AND SAFETY (MINES AND PETROLEUM SITES) REGULATION 2014

Registration of Design of Plant Used to Determine or Monitor the Presence of Gas Order 2019

I, Garvin Burns, Chief Inspector, with the delegated authority of the Secretary, Department of Planning and Environment, in pursuance of subclause 177(5) of the *Work Health and Safety (Mines and Petroleum Sites) Regulation 2014* (“the Regulation”) make the following Order.

Dated this 5th day of February 2019.

Garvin Burns
Chief Inspector
NSW Department of Planning and Environment

1 Name of Order

This Order is the *Registration of Design of Plant Used to Determine or Monitor the Presence of Gas Order 2019*.

2 Commencement

This Order commences on 1 July 2019.

3 Interpretation

In this Order:

AS/NZS is a reference to Australian/New Zealand Standards.

plant used to determine or monitor the presence of gas means electrically powered hand-held plant, fixed installations and installations on mobile plant (but not tube bundle systems where the analyser is installed at the surface) used to determine or monitor the presence of gas if they are used at an underground coal mine.

Regulation means the *Work Health and Safety (Mines and Petroleum Sites) Regulation 2014*.

4 Revocation

The *Registration of Design of Plant Used to Determine or Monitor the Presence of Gas Order 2015* published in the *NSW Government Gazette* No 52 of 26 June 2015 at page 1852 is revoked on the day this Order commences.

5 Design and performance requirements

5.1 Gas detection

- (1) All plant used to determine or monitor the presence of gas in an underground coal mine must be designed to:
 - (a) provide a conditioned electronic signal or output indication that can be used by the end user to determine the gas levels;
 - (b) include a gas detection transmitter;
 - (c) include a gas detection control unit;
 - (d) include gas detection sensors including protective housings around the gas sensing element;
 - (e) comply with the design, testing and performance requirements of the relevant parts of the following standards:
 - i. AS/NZS 60079.29.1:2017 *Explosive atmospheres – Gas detectors – Performance requirements of detectors for flammable gases*;
 - ii. AS/NZS 4641:2018 *Electrical equipment for detection of oxygen and other gases and vapours at toxic levels – General requirements and test methods*.
- (2) Plant which is designed to detect methane up to and including 5% must also comply with the following testing and performance requirements:
 - (a) apparatus using catalytic combustion sensors must be exposed to a volume fraction of 2.0 ± 0.2 % methane in air mixture containing a volume fraction of 50ppm hydrogen sulphide for 20 minutes and a reading taken. The difference between the plant indication and the test gas methane concentration must not exceed ± 0.2 % methane.
- (3) Plant that detects nitrogen dioxide or nitric oxide are exempt from requirements of clauses 4.6 'Pressure variation,' 4.7 'Pressure recovery' and 4.9 'Air velocity' as detailed in AS/NZS 4641:2018.

5.2 Electrical explosion protection

All plant used to determine or monitor the presence of gas must comply with the relevant parts of clause 78 'Use of plant in hazardous zone (explosion-protection required)'—subclause (2), of the Regulation.

6 Test facility requirements

- (1) The test facility used for testing the performance of gas monitors must be a test facility which is unrelated to the designer, manufacturer or supplier.
- (2) The test facility must either be:
 - (a) a facility in Australia that is accredited by the National Association of Testing Authorities (NATA) for performing the specific tests described in the standards referred to in this Order; or
 - (b) where a NATA-accredited facility is not available, a suitably qualified and experienced independent testing facility with regard to test equipment, equipment calibration (traceable to the International System of Units (SI) by reference to national measurement standards or through an organisation that is a signatory to the ILAC MRA (International Laboratory Accreditation Cooperation Mutual Recognition Arrangement)), quality processes, work methods, past test experience and independent technical verification.

Duration

7.00am to 7.00pm – Saturday 9 March 2019 and Sunday 10 March 2019.

Detail

Competitive ski racing will be conducted on the waters of the Murray River involving the use of high speed power vessels which will be active in the area on both days during the above times. There will also be support vessels present to manage the event, persons being towed at speed using tow-lines, and persons in the water from time to time – presenting a significant potential hazard to other waterway users.

An **EXCLUSION ZONE** is specified during the event at the respective locations for the entire width of the river between the times specified above.

No unauthorised vessels or persons may enter the zone between the specified times. Vessels that are lawfully moored within the zone at the commencement time may remain in the zone but may not be operated.

The zone will be marked at each end by the presence of official patrol and control vessels.

In addition, pursuant to section 12(3) of the *Marine Safety Act 1998*, **SPECIAL RESTRICTIONS** will be imposed on any non-participating vessels positioned within the exclusion zone as follows:

- vessels moored or secured to the riverbank within the zone must remain at their position, must be in a safe location well away from river bends and corners and **MUST NOT** be operated during the event;
- any vessel determined to be moored or secured unsafely must be moved (for the duration) in accordance with any directions of an authorised officer or event official; and

- any vessel not moored or secured to the riverbank (i.e. merely anchored) is to be secured in accordance with the directions of an authorised officer or event official for the duration of the event.

Penalties may apply (section 12(5) – *Marine Safety Act 1998*)

CHARITABLE TRUSTS ACT 1993

NOTICE UNDER SECTION 15

CY PRÈS SCHEME RELATING TO THE ESTATE OF THE LATE LAWRENCE HENRY ROBERT COATES

Section 9(1) of the *Charitable Trusts Act 1993* permits the application of property cy-près where the spirit of the original trust can no longer be implemented.

Mr John Raymond Maloney is the sole executor and trustee appointed under the Will of Mr Coates. Mr Maloney applied to the Attorney General for an order pursuant to s12 of the *Charitable Trusts Act 1993* ('CTA') in relation to trust property valued at approximately \$280,000.00 in total. The application is in respect of gifts of \$10,000.00 each to the "Children's Hospital (Randwick) Leukaemia and Cancer Foundation" and to the "Ageing and Alzheimers Research Foundation Concord Repatriation Hospital"; and the gift of a term deposit account to the value of approximately \$240,000.00 to "the Prince of Wales Hospital at Randwick".

The Will states the funds are to be distributed "to each of the following charities", and names five organisations. The funds are construed as a gift for the charitable purposes of the Hospital, meaning to be given to medical research foundations, being the advancement of education, having as their object the increase of useful knowledge.

In relation to the gift to "Children's Hospital (Randwick) Leukaemia and Cancer Foundation", the executor sought a cy-près scheme whereby the funds be paid to the "Children's Cancer Institute Australia" (the Institute). The executor had not been able to identify any foundation of the exact name. However, there was a foundation named the "Children's Leukaemia and Cancer Foundation" (ACN 074 617 271) (the "CLCF"). The CLCF was registered as a Company between 25 July 1996 and 19 February 2009. The exception to the rule is that if there is a gift to an organisation that does not exist it would lapse, but where another institution has taken over the work previously carried on by the named institution, provided that the dominant charitable intention of the testator was wide enough to allow the gift to take effect in favour of the successor. Another exception to the rule is where there is no successor institute but there is a general charitable intention, such that a cy-près scheme should be ordered. The Solicitor General, as the Attorney General's delegate has agreed with a recommendation that a cy-près scheme be ordered whereby the funds be paid to the Institute for its charitable purposes.

In relation to the gift to "Ageing and Alzheimers Research Foundation Concord Repatriation Hospital", it is correctly construed as being for the charitable purposes of the former "Ageing and Alzheimer's Research Foundation", which was a foundation that was terminated after the date of the Will but before the death Mr Coates. This is not a case where there is a successor institution, as neither the Foundation or the Fund had or have a legal identity. The "Ageing and Alzheimer's Research Foundation" was established in 1993 as an internal business unit of the University of Sydney and was affiliated with the Concord Repatriation Hospital. Following changes in 2006, the Foundation operated as a division of the Sydney Medical School Foundation. On 11 May 2012, the Foundation was terminated as a foundation and transitioned to the Ageing and Alzheimer's Research Fund within the Sydney Medical School Foundation. The Foundation and the Fund are the same entity in that they represent the continuum of an internal business unit of the University of Sydney which has operated according to the same objects and functions since 2006, and similar objects since 1993. The Solicitor General, as the Attorney General's delegate has agreed with a recommendation that a scheme should be established whereby the gift be paid to the University of Sydney for the purposes of the Ageing and Alzheimer's Research Fund.

The gift in relation to the "Prince of Wales Hospital at Randwick" has not ceased to be suitable and effective so as to necessitate a cy-près scheme, because the hospital, although not a legal entity, exists. The gift must be construed as being a gift for the charitable purposes of the hospital, which is still in operation and is administered by the South Eastern Sydney Local Health District. The Solicitor General, as the Attorney General's delegate has agreed with a recommendation that an administrative scheme should be ordered whereby the gift is to be paid to the South Eastern Sydney Local Health District to be applied for the charitable purposes of the Prince of Wales Hospital at Randwick.

Take note that within one month after the publication of this notice any person may make representations or suggestions to the Attorney General in respect of the proposed scheme.

Signed
Andrew Cappie Wood
Secretary, Department of Justice
