(h) Subject to clause 1.3(i) and the granting of any required access rights over the Lot Burdened at no cost to the Authority Benefited, the Authority Benefited must at its cost, de-stress the stressed Rock Anchors set out in the notice provided by the Authority Benefited under clause 1.3(c) or the Owner of the Lot Burdened under clause 1.3(e) (as amended under clause 1.3(f)) within 8 weeks of receipt of a written direction from the Owner of the Lot Burdened to do so. The Authority Benefited has no obligation to remove the Rock Anchors from the Easement Site once de-stressed. If the Owner of the Lot Burdened demonstrates, after providing the Authority Benefited with all information reasonably required by the Authority Benefited, that the removal and disposal of the redundant Rock Anchors from the Lot Burdened increases the cost of the proposed Redevelopment Works, the actual costs excluding any developer’s margin, of the removal and disposal of the redundant Rock Anchors from the Lot Burdened, and any reasonable legal or reasonable non legal consultant’s costs in advising on the removal and disposal of the redundant Rock Anchors from the Lot Burdened, reasonably incurred by the Owner of the Lot Burdened will be, subject to compliance with clause 1.3(m), recoverable from the Authority Benefited.

(i) If the Authority Benefited fails to comply with clause 1.3(h) within the timeframe required under clause 1.3(h), the Owner of the Lot Burdened may do so and the reasonable costs reasonably incurred in doing so will be recoverable from the Authority Benefited.
(j) After all Rock Anchors have been de-stressed the Authority Benefited must provide the Owner with a report detailing the location of anchor heads, inclination, direction and de-stressing information and confirming that all Rock Anchors have been satisfactorily de-stressed.

(k) The Owner of the Lot Burdened may cut or remove any redundant or de-stressed Rock Anchors described in the Authority Benefited’s notice referred to in paragraph (c) and otherwise deal with any part of such redundant or de-stressed Rock Anchors within the Easement Site as the Owner of the Lot Burdened sees fit. If the Owner of the Lot Burdened demonstrates, after providing the Authority Benefited with all information reasonably required by the Authority Benefited, that it cutting or removing and/or otherwise disposing of such redundant or de-stressed Rock Anchors increases the cost of the proposed Redevelopment Works, the actual cost excluding any developer’s margin, of the cutting or removal and/or disposal of the redundant Rock Anchors from the Lot Burdened, and any reasonable legal or reasonable non legal consultant’s costs in advising on cutting or removal and/or disposal of the redundant Rock Anchors from the Lot Burdened, reasonably incurred by the Owner of the Lot Burdened will be, subject to compliance with clause 1.3(m), recoverable from the Authority Benefited.

(l) The earliest date on which the Authority Benefited is required to de-stress any Rock Anchors installed on the Easement Site by the Authority Benefited or its Authorised Users is 23 July 2022.

(m) The Owner of the Lot Burdened must provide the Authority Benefited with detailed invoices setting out the scope of services undertaken that are recoverable from the Authority Benefited under this Easement and substantiating all amounts charged for such services.

1.4 Expiry of the Easement

(a) This Easement will expire on the date on which the Authority Benefited gives the Owner of the Lot Burdened notice that it has de-stressed all stressed Rock Anchors installed on the Easement Site by the Authority Benefited or its Authorised Users and that all other Rock Anchors installed on the Easement Site are redundant and may be cut through by the Owner of the Lot Burdened as the Owner of the Lot Burdened sees fit.

(b) If this Easement has expired under clause 1.4(a), the Owner of the Lot Burdened and the Authority Benefited (if requested by the Owner of the Lot Burdened) must take all reasonable steps to remove this Easement from the title of the Lot Burdened as soon as practicable, including preparing and executing all necessary documents and producing the relevant certificates of title at Land Registry Services NSW.

(c) If this Easement has not expired by the date which is 100 years after the date of installation of the first Rock Anchor within the Easement Site by the Authority Benefited or its Authorised Users, the Authority Benefited must, subject to it being granted any required access rights over the Lot Burdened, promptly replace all Rock Anchors installed on the Easement Site by the Authority Benefited or its Authorised Users that have not been de-stressed or determined to be redundant as a result of the process set out in clause 1.3. In doing so, the Authority Benefitted must comply with the terms of the Easement, including without limitation, clause 1.2(b).
