SYDNEY WATER ACT 1994 (NSW)
SYDNEY WATER REGULATION 2017 (NSW)

Notice of Water Restrictions

Having regard to the effects of drought, and it being in the public interest for the purpose of maintaining water supply, I give NOTICE in accordance with clause 24 of the Sydney Water Regulation 2017 of the following water restrictions, to take effect at 12.01am on 10 December 2019.

The water restrictions listed below remain in force until further notice; apply in the whole of the area of operations of Sydney Water Corporation; and apply to all users of water supplied by Sydney Water Corporation or sourced from a water main owned by Sydney Water Corporation or supplied by a person licenced under the Water Industry Competition Act 2006.

Subject to the exclusions below, the following uses of drinking water are not permitted at any time:

- the use of sprinklers, watering systems or hoses for the watering of playing fields, lawns, gardens or other vegetation;
- the use of water for aesthetic or ornamental purposes such as (but not limited to) filling or top-up of water features, ponds or lakes of any size including those located within any building or structure;
- the use of water to fill or top-up any water storage not required or primarily used for internal domestic consumption through permanent direct connection to the domestic plumbing;
- the use of hose-connected water toys, including temporary water play attractions (such as inflatable water slides or similar structures). A hose-connected sprinkler of any type cannot be used at any time as a part of a water play area;
- the cleaning of hard surfaces, including vehicles or vessels of any type;
- the unattended running of hoses or taps;
- the filling of a pool or spa with a capacity of more than 500 litres without a permit issued by Sydney Water and in accordance with any conditions attached to that permit;
- water escaping by leaks, where there has been a failure to comply with a notice from Sydney Water to repair a water leak by a date nominated in that notice.

The following uses are excluded from the restrictions:

- watering of lawns and gardens before 10am or after 4pm on any day using a bucket or watering can;
- watering of newly laid turf for a period of 28 days from the date of the delivery docket according to the turf establishment watering protocol published by Sydney Water. There must not be any run-off or overspray onto hard surfaces such as pathways. This exclusion only applies to the area of newly laid turf and not to surrounding areas;
- the use of drip watering systems to a maximum of 15 minutes per day per watering zone before 10 am or after 4 pm;
- the use of ‘smart’ watering systems to a maximum of 15 minutes per day per watering zone before 10 am or after 4 pm;
- the use of drinking water for dust suppression but only where there is no alternative water source reasonably available in the situation. Where a dust incident involves hazardous dust (eg asbestos), use of water must comply with the applicable incident response guidelines for the specific hazardous substance involved;
- spot cleaning with a hose of paths, driveways, concrete and other hard surfaces when cleaning with water is necessary for reasons (readily identifiable to an authorised person) of a safety, health, or emergency incident. For any use of water under this category of exclusion the hose must be fitted with a trigger nozzle unless it is used to supply high pressure water cleaning equipment;
- washing of vehicles or vessels of any type using a bucket and sponge (or similar arrangement) or by a commercial wash service approved by Sydney Water, and only when the vehicle or vessel is used primarily for private purposes and is washed as part of normal private use. This exclusion does not apply to washing of vehicles or vessels in the course of conducting any business or enterprise;
- use of water for flushing inboard or outboard boat engines by means of a hose fitted with an appropriate flushing device. The water supply must be turned off immediately after flushing to manufacturer specifications is complete;
• use of a hose fitted with a trigger nozzle or high-pressure water cleaning equipment for cleaning bilges or essential safety components on boat trailers, including wheels and brakes;
• use a hand-held hose with trigger nozzle or pressure cleaning equipment for rinsing vessels immediately after being used in salt water, to a maximum of 10 minutes per vessel;
• use of a hand-held hose to fill fixed water tanks in vessels. Unattended filling of water tanks is not permitted;
• topping up water in pools to replace water lost through normal use conditions including evaporation using a bucket or hand-held hose with trigger nozzle, to a maximum of 15 minutes per day using a hand-held hose;
• the use of bore water; recycled water or rainwater except when the tank used for storage has also been supplied from Sydney Water’s drinking water supply;
• the use of water for public health, fire testing, firefighting and related purposes, and other essential activities approved in writing by Sydney Water;
• any use of water in accordance with the conditions of a permit granted by Sydney Water.

The penalty prescribed for non-compliance with these restrictions is $220 for an individual and $550 for a corporation.

The Notice of Water Restriction of 31 May 2019 is revoked.

NOTE:

Sydney Water Corporation may determine definitions of words used in this Notice (such as equipment referred to) and make those definitions available publicly via the Sydney Water website.

CHARITABLE TRUSTS ACT 1993
NOTICE UNDER SECTION 15
CY PRES SCHEME RELATING TO
WESTERN SYDNEY LOCAL HEALTH DISTRICT: SPECIAL PURPOSE
& TRUST ACCOUNT COST CENTRE 430041

Section 9(1) of the Charitable Trusts Act 1993 permits the application of property cy-pres where the spirit of the original trust can no longer be implemented.

The Western Sydney Local Health District (‘WSLHD’) is trustee of the Special Purpose & Trust Account 430041, or “MTDR Copperfield Cottage” (‘the Trust’). The Trust was established for the purpose of providing funding in support of an aged day care service for the local community of Mount Druitt.

The Trust provided funds specifically for the activities of Copperfield Aged Day Service (‘the Copperfield Service’) at Mount Druitt Hospital. The Copperfield Service included individual health assessments, health and wellbeing group programs, health information sessions, music appreciation, and access to nursing and allied health services.

The Copperfield Service ceased operating in December 2017 and, as a result, the purposes of the Trust cannot be met.

The Trust is considered to be a charitable trust, with the objects of the Trust being the “relief of aged, impotent and poor people.” The value of the Trust is approximately $23,437.30, being funds primarily from various donations and fundraising activities of patients, carers and other members of the local community of Mount Druitt.

The Crestwood Aged Day Service facility (‘the Crestwood Centre’) has been identified as having a similar purpose to the original purposes of the Trust. The Crestwood Centre is at Blacktown Hospital, the closest hospital to Mount Druitt Hospital, and is within the same local government area. The Crestwood Centre provides equipment and the same social support services and group activities as the Copperfield Service. Clients of the Crestwood Centre include registered clients that were transferred from the Copperfield Service. The Crestwood Centre aligns with the original purpose of the Trust, being the provision of social support services to persons aged over 65 years and persons who identified as Aboriginal or Torres Strait Islander aged over 50 years with a chronic, complex and/or age related illnesses or frailty residing in the Blacktown Local Government area. The trustee has proposed to direct the Trust funds toward the Crestwood Centre.

In circumstances where the funds held on trust cannot be applied to the original purpose of the Trust, due to the cessation of the Copperfield Service, the Solicitor General, as the Attorney General’s delegate, recommends the establishment of a cy pres scheme to apply the funds held on Trust to the Crestwood Centre, that being as close as possible to the original purposes of the Trust.
Take note that within one month after the publication of this notice any person may make representations or suggestions to the Attorney General in respect of the proposed scheme.
