## Public Health (COVID-19 Vaccination of Health Care Workers) Order (No 2) 2021

under the

Public Health Act 2010

### Part 1 Preliminary

#### 1 Name of Order

This Order is the *Public Health (COVID-19 Vaccination of Health Care Workers) Order (No 2) 2021*.

#### 2 Definitions

- (1) The Dictionary in Schedule 1 defines words used in this Order.  
**Note.** The Act and the *Interpretation Act 1987* contain definitions and other provisions that affect the interpretation and application of this Order.
- (2) Notes included in this Order do not form part of this Order.

#### 3 Grounds for concluding that there is a risk to public health

It is noted that the basis for concluding that a situation has arisen that is, or is likely to be, a risk to public health is as follows—

- (a) public health authorities both internationally and in Australia have been monitoring and responding to outbreaks of COVID-19, which is a condition caused by the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2),
- (b) COVID-19 is a potentially fatal condition and is highly contagious,
- (c) a number of cases of individuals with COVID-19 have been confirmed in New South Wales and other Australian jurisdictions, and there is an ongoing risk of continuing transmission of the virus in New South Wales,
- (d) those cases include individuals with the Delta variant of COVID-19, which is more contagious than previous variants and has increased the risk and speed of community transmission,
- (e) health care workers work with vulnerable and sick members of the community, including those who have COVID-19,
- (f) ensuring that health care workers are vaccinated will reduce—
  - (i) the risk of infection, severe disease and death in the workers, and
  - (ii) the risk of transmission of infection from workers to patients and other workers,
- (g) public health and hospital services are at risk without appropriate and proportionate mitigation strategies, including vaccination to protect health care workers and patients.

## Part 2 Vaccination of health care workers

### 4 Introduction

This Part sets out the directions of the Minister about the vaccination of health care workers.

### 5 Health care workers not to work unvaccinated

- (1) A health care worker must not do work as a health care worker on or after the commencement of this Order but before 30 November 2021 unless the worker has received at least 1 dose of a COVID-19 vaccine.
- (2) A health care worker must not do work as a health care worker on or after 30 November 2021 unless the worker has received at least 2 doses of a COVID-19 vaccine.
- (3) Subclauses (1) and (2) do not apply in relation to work done for a public health organisation, the Health Administration Corporation, the Ambulance Service of NSW or the Ministry of Health under a contract of service or a contract for services if—
  - (a) the work does not involve the provision of a health service within the meaning of the *Health Services Act 1997*, and
  - (b) the person doing the work is not physically present, while doing the work, at premises operated by the public health organisation, Health Administration Corporation, Ambulance Service of NSW or Ministry of Health.
- (4) A health care worker must, if required to do so by an authorised person on or after the commencement of this Order, provide vaccination evidence for the worker.
- (5) Subclauses (1), (2) and (4) do not apply to—
  - (a) a health practitioner who does work as a health care worker in response to a medical emergency, or
  - (b) another person who does work as a health care worker in response to a non-medical emergency, for example, a fire, flooding or a gas leak.

### 6 Responsible persons for health care workers

Each responsible person for a health care worker must take all reasonable steps to ensure that the health care worker to whom clause 5 applies complies with the clause.

## Part 3 Miscellaneous

### 7 Exemptions for medical contraindication

- (1) Clause 5 does not apply to a health worker who—
  - (a) is unable, due to a medical contraindication, to be vaccinated against COVID-19, and
  - (b) presents to a responsible person for the worker a medical contraindication certificate issued to the worker.
- (2) The Minister may, in writing and subject to the conditions the Minister considers appropriate, grant an exemption to this Order or specified provisions of this Order if the Minister is satisfied it is necessary to protect the health and well-being of persons.

### 8 Repeal

The *Public Health (COVID-19 Vaccination of Health Care Workers) Order 2021* is repealed.

### 9 Savings

- (1) An act, matter or thing that, immediately before the repeal of the repealed Order, had effect under that Order continues to have effect under this Order.
- (2) Without limiting subclause (1)—
  - (a) an exemption granted by the Minister under the repealed Order and in force immediately before the commencement of this Order continues as if it were granted under this Order, and
  - (b) a delegation in force immediately before the commencement of this Order given for a provision of the repealed Order continues to have effect for the corresponding provision of this Order.
- (3) In this clause—  
**repealed Order** means the *Public Health (COVID-19 Vaccination of Health Care Workers) Order 2021*.

## Schedule 1 Dictionary

Clause 2(1)

**approved COVID-19 vaccine** means a vaccine approved by the Therapeutic Goods Administration of the Commonwealth for use in Australia as a vaccine against COVID-19.
