of the State of

New South Wales

**Number 396–Other**  
**Friday, 1 September 2023**

---

The New South Wales Government Gazette is the permanent public record of official NSW Government notices. It also contains local council, non-government and other notices.

Each notice in the Government Gazette has a unique reference number that appears in parentheses at the end of the notice and can be used as a reference for that notice (for example, (n2019-14)).

The Gazette is compiled by the Parliamentary Counsel's Office and published on the NSW legislation website ([www.legislation.nsw.gov.au](http://www.legislation.nsw.gov.au)) under the authority of the NSW Government. The website contains a permanent archive of past Gazettes.

To submit a notice for gazettal, see the Gazette page.

# GENERAL BIOSECURITY DIRECTION

## NSW Biosecurity Act 2015

I, Dean Chamberlain

as an authorised officer under the *Biosecurity Act 2015* (the Act), and accordance with section 126(1) of the Act, give this general biosecurity direction (biosecurity direction) to the following persons:

All landholders within the Wild Horse Management Area

In accordance with section 126(1) of the Act, I reasonably believe that the biosecurity direction is necessary for the following purposes:

- a) to prevent, eliminate or minimise a biosecurity risk; and
- b) to prevent, manage or control a biosecurity impact that has occurred, is occurring or is likely to occur.

The general biosecurity direction specifically relates to the carrying out of an activity in connection with:

The presence, spread or increase of wild horses within the North Coast LLS Wild Horse Management Area Zone. Wild horses are identified as pest animals in the North Coast Regional Strategic Pest Animal Management Plan 2018 – 2023 and are a pest animal under the Act.

### Directions

Under section 126(2) of the Act an authorised officer may give a biosecurity direction that prohibits, regulates, or controls the carrying out of an activity in connection with biosecurity matter, carrier or potential carrier identified above. It is mandatory to comply with this biosecurity direction.

All landholders must take the following actions to manage wild horses on their land:

1. Report the presence of wild horses in the Wild Horse Management Area to an authorised officer within 24 hours of identifying the presence on their land. Notification can be made by:
  - (a) notifying an authorised officer verbally, via text message or email, or
  - (b) calling NSW LLS on 1300 795 299.
2. By Friday 1 December 2023 develop a written wild horse management program with an authorised officer using the approved template attached at Schedule 3 to this direction under which the landholder must agree to:
  - a. allow LLS to remove wild horses from their land
  - b. remove wild horses from their land, or
  - c. permanently retain and domesticate wild horses on their land.
3. Maintain records of their individual actions to control wild horses on their land.

Note: An authorised officer has power to require production of records under section 93 *Biosecurity Act 2015*.

By Notes:

Commencement: 1 September 2023

Duration: Five years from the date of commencement.

Definitions: If applicable Biosecurity impact is the adverse affect on the economy, the environment or the community related to the introduction, presence, spread or increase of wild horses into or within the Wild Horse Management Area. Land means the land owned or occupied by the landholder in the Wild Horse Management Area. Landholder has the same meaning as section 60D of the Local Land Services Act 2013 and includes the owner of land, lawful occupier, possessor or who has with lawful management or control of the land. Remove means to remove a horse alive or to cull a horse and remove its carcass. Wild Horse Management Area means the Wild Horse Management Area specified in the attached map at Schedule 1 and comprising Lot/Deposit Plan numbers and Addresses in Schedule 2.
